The Federal Anti-Kickback Statute ("Anti-Kickback Statute") is a criminal statute that
prohibits the exchange (or offer to exchange), of anything of value, in an effort to induce (or
reward) the referral of federal health care program business. The Health and Human
Services Office of the Inspector General has created two really informative videos on the
Anti-Kickback Statute. These videos are available via YouTube. I have provided the links
to the videos below.

I encourage you to view these videos and further recommend that you share this
compliance tip with all faculty; OPS professionals; residents/fellows; and nonphysician
practitioners. Furthermore, billing, clinic, contract services, and purchasing staff should
also be aware of the Anti-Kickback Statute so I recommend that this tip be shared with
these employees as well.

If you have any questions about the information contained in the videos, please feel free to
contact the Office of Physician Billing Compliance at (904) 244-2158.
