ANNUAL SECURITY AND FIRE SAFETY REPORT • 2015

TOGETHER FOR A SAFE CAMPUS

UF HEALTH SCIENCE CENTER, JACKSONVILLE • WWW.HSCJ.UFL.EDU
The University of Florida Health Science Center – Jacksonville (UF HSC-J) recognizes the importance for an institution of higher learning to develop and maintain a safe and secure environment in which the academic and social pursuits of its members can be fully realized.

The university has the utmost concern for the success of each student and strives to give each student maximum freedom to live his/her life free from outside interference. With this freedom, however, comes the responsibility of becoming an active participant in the exercise of personal safety.

No community’s security plan can attain maximum effectiveness unless everyone contributes to making it work. Safety and security are both personal as well as shared responsibilities. Only by accepting this responsibility can members of the UF HSC-J community maintain a safe and secure academic environment.

This brochure is provided to you as part of the University of Florida Health Science Center – Jacksonville’s commitment to safety and security on campus and satisfies all of the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, formerly the Federal Crime Awareness and Campus Security Act of 1990. It is filled with information about a variety of security services and programs available to you as members of the UF HSC-J community. We hope that you will become familiar with this information and find the programs useful.

Please note that throughout this publication, many resources available on the Gainesville campus are mentioned. Students frequently travel between the Jacksonville and Gainesville campuses and it is our intent to help students locate services on either campus.

Risk Mitigation: Please Let Us Know!

If you see an unsafe condition on campus such as a burned-out street light, pot-hole in the road, uneven sidewalk, or any other condition that could jeopardize personal safety, please call the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones).

If you have any suggestions regarding the safety and security of campus facilities please call the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones). Let’s work together for a safe campus.
The security department is located at 648 West 11th Street, Jacksonville, FL 32209. The department is located on the 1st floor of the UDC building, directly below the student dormitory. The students housed in the student dormitory are just moments away from security assistance if needed. The security department can be reached at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones).

The security department serves as an intermediary to law enforcement agencies concerning cases involving patients, students and/or employees. These efforts are intended to reduce disruptions in the campus routine. When a law enforcement office arrives on campus, he/she should report to, or contact by phone the security department.

If a crime involving an employee or student occurs on campus, the Director of Security and the UF Health Jacksonville Risk Manager should be contacted. The Director of Security may be reached at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones). The on duty Risk Manager may be contacted at 4-3568 (campus phones) or (904) 244-3568 (non-campus phones). Any other security concerns may be directed to the Director of Security.

Crime Reporting — Public Information

In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the security department maintains and updates both a Crime Log and Fire Log. The Crime Log contains, by the date reported, all crime that occurs at the UF HSC-J. In addition to recording reported crimes that occurred on campus, it also includes crimes that occurred in or on non-campus buildings or property, on public property within the campus or immediately adjacent to and accessible from the campus.

The University of Florida Health Science Center – Jacksonville Crime Log has information pertaining to the agency that responded to the crime, the report number of the incident, the report date/time, type of crime, the date/time of the crime, the location of the crime, and the disposition of the crime. The Crime Log is updated with an entry or addition within two business days of the security department receiving the information. For the purpose of the Crime Log, a business day is any day Monday through Friday, except for days when the institution is closed. This log is available to the media and the general public at the security department which is located at 648 West 11th Street, Jacksonville, FL 32209. The security department can be contacted at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones).

The University of Florida Health Science Center – Jacksonville Fire Log has information pertaining to the agency that responded to the fire, the report number of the incident, the report date/time, type of fire, cause of fire, date/time of fire, location, number of injuries/deaths, and estimated cost of property damage. As with the Crime Log, the Fire Log is updated with an entry or addition within two business days of receiving the information. Also similar to the Crime Log, for the purpose of the Fire Log, a business day is any day Monday through Friday, except for days when the institution is closed. This log is available to the media and the general public at the security department which is located at 648 West 11th Street, Jacksonville, FL 32209. The security department can be contacted at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones).

Relationship with the Jacksonville Sheriff’s Office

The security department maintains a close working relationship with the Jacksonville Sheriff’s Office (JSO). Meetings are held between these entities on both a formal and informal basis. The officers of the security department and JSO communicate regularly on the scene of incidents that occur in and around the campus area. There is no written memorandum of understanding between the security department and JSO.
Consumer Information for University of Florida Students

The University of Florida is committed to providing important information to its students, faculty, and staff. Consistent with this commitment, and pursuant to the University of Florida’s notice and reporting obligations under various legislation and regulations, information concerning the following topics may be obtained at the following websites:

Requirements for admission to or withdrawal from the University of Florida, the academic programs available, policies for payment and refunds of fees, and special services available to students with temporary or permanent physical, learning, sensory or psychological disabilities: [http://www.admissions.ufl.edu/](http://www.admissions.ufl.edu/)

The estimated costs of attending the University of Florida: [http://www.admissions.ufl.edu/annualcosts.html](http://www.admissions.ufl.edu/annualcosts.html)

Financial assistance available to University of Florida students, including the availability of federal aid for approved study abroad programs and policies concerning loan repayment upon withdrawal from the university: [http://www.sfa.ufl.edu/applying/](http://www.sfa.ufl.edu/applying/)

The University of Florida’s policies regarding confidential student records pursuant to the Family Educational Rights and Privacy Act: [http://www.registrar.ufl.edu/ferpa.html](http://www.registrar.ufl.edu/ferpa.html)

The University of Florida’s graduation rates: [http://www.ir.ufl.edu/factbook/degree.htm](http://www.ir.ufl.edu/factbook/degree.htm)

The University of Florida’s accreditations: [http://www.ir.ufl.edu/accred.htm](http://www.ir.ufl.edu/accred.htm)

The University of Florida’s Campus Security Report, including campus safety provisions and statistics for certain reported crimes: [http://www.police.ufl.edu/misc/together.asp](http://www.police.ufl.edu/misc/together.asp)

The University of Florida’s athletic program, including student participation rates and financial information: [http://www.gatorzone.com/compliance/](http://www.gatorzone.com/compliance/)

You may obtain copies of the university’s information reports and the Florida’s voter registration forms at the Office of the University Registrar, located at 222 Criser Hall, and at various other offices throughout the University of Florida. Should you require assistance with obtaining any of this information, you may contact the Division of Student Affairs at 155 Tigert Hall or call (352) 392-1265.
University policies exist for the purpose of providing a basis for quality campus life and for setting a standard of conduct for all members of the university community conducive to achieving the objectives of the University of Florida. Stated below are excerpts from University of Florida policies as they relate to issues of safety and security. For your safety and the safety of others, please read and become familiar with these policies.

STANDARDS OF CONDUCT
The Student Code of Conduct and other appropriately published rules of conduct play an important role in the university’s commitment to provide for the safety and security of all its community members. Failure of students, faculty, staff, or student organizations to comply with duly established laws or university regulations may subject violators to appropriate action by university or other appropriate civil authorities. Such action might include referral to University of Florida disciplinary processes through Employee Relations for staff members, the Office of Student Conduct and Conflict Resolution for students, and even the possibility of arrest of any community member committing a crime. The University of Florida will not attempt to shelter students or employees from federal, state, or local laws. The Student Honor Code and Student Conduct Code can be viewed on-line at https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code. The regulations that apply to staff members can be viewed on-line at http://regulations.ufl.edu/

POLICY ON SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE AND STALKING
The University of Florida values the health and safety of every individual on campus and expects its students to treat other persons with respect and dignity. Any behavior that leads to the sexual abuse/assault, domestic violence, dating violence, or stalking of another person will not be tolerated, is a violation of the university’s Student Code of Conduct, and may result in sanctions ranging from probation to expulsion. Disciplinary action on the part of the university does not preclude the possibility of criminal charges against the individual.

SEXUAL ASSAULT
The term “sexual assault” as used by the university is any sexual act or attempt to engage in any sexual act with another person without the consent of the other person or in circumstances in which the person is unable, due to age, disability, or alcohol/chemical or other impairment, to give consent. Sexual battery is a violation of state law and is defined as any “oral, anal, or vaginal penetration by or union with the sexual organ of another, or the anal or vaginal penetration by another with any other object performed without consent” (Chapter 794.011 Florida State Statute). Consent is defined as “intelligent, knowing, and voluntary” permission. Consent is not failure to physically resist, forced or coerced submission, inability to make decisions due to intoxication by any substance, or being unconscious, asleep, or physically unable to communicate non-consent.

Sexual assault means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting system. It can occur any time of the day or night, at home, in the work place, in social settings, and in public places. Both men and women have been sexually assaulted by strangers, by people whom they have known and trusted, and by people whom they have dated.

• Rape is defined as the penetration of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. In the state of Florida, the term “Sexual Battery” is used in place of rape.

• Statutory Rape is defined as non-forcible sexual intercourse with a person who is under the statutory age of consent. In the state of Florida, this is defined as “A person 24 years of age or older who engages in sexual activity with a person 16 or 17 years of age” and is a second degree felony.

• Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity. The state of Florida does not recognize the term “fondling,” but instead this would constitute battery.
RAPE AGGRESSION DEFENSE (R.A.D.)
The University of Florida Police Department offers a free self-defense course for women throughout the year. R.A.D. or Rape Aggression Defense is a four day, 12-hour course designed to educate, enhance, and empower women to take action in reducing their risk of victimization. R.A.D. educates women on sexual battery and sexual offenses, risk reduction and prevention strategies, and basic self-defense techniques. The R.A.D. approach to personal safety education embodies a practical blend of threat avoidance strategies and real-world assault protection techniques for women. The R.A.D. course of instruction focuses on the development of personal safety skills that are easily mastered and can be safely practiced within a comfortable learning environment, and the integration of these skills with a threat assessment process designed to increase personal safety awareness.

The goal of UFPD’s R.A.D. training is to reduce victimization through informed decision-making and sensible action. R.A.D. training is not a traditional self-defense course. Instead, it enables women to learn, in a period of just a few hours, a set of cognitive and physical skills which can enhance their personal safety and be of benefit for years to come. If you would like more information or would like to register for the next R.A.D. class, please call the Community Services Division of the University of Florida Police Department at (352) 392-1409, Monday through Friday, 8 a.m. until 5 p.m. For more information regarding UFPD’s R.A.D. class please view on-line at http://www.police.ufl.edu/community-services/rape-aggression-defense-program-rad/

DOMESTIC VIOLENCE
The term “domestic violence” means 1) Felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred. In the state of Florida, “Domestic violence” means any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another family or household member.

STALKING
The term “stalking” means 1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to: fear for the person’s safety or the safety of others or suffer substantial emotional distress.

The University of Florida defines stalking as when a person who willfully, maliciously, and repeatedly follows, harasses, or cyberstalks another person and makes a credible threat to that person commits the offense of aggravated stalking.

EDUCATION AND PREVENTION PROGRAMS
The University engages in comprehensive, intentional, and integrated programming, initiative, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

UNIVERSITY OF FLORIDA HUMAN RESOURCES SEXUAL HARASSMENT TRAINING
The University of Florida provides an online training program, Preventing Sexual Harassment, which is a compliance expectation for employment. Every employee of the university is expected to complete this training and receive University of Florida training compliance certification. This training provides information on the definition of sexual harassment, different types of sexual harassment, and how to combat sexual harassment in the workplace. Also, this training is ongoing and must be repeated annually.
University Policies
Promoting Safety and Security continued

RADKIDS®
The University of Florida Police Department offers a self-defense program for children of varying ages. The radKIDS® Personal Empowerment Safety Education program is a 10-hour family centered safety education program that emphasizes essential decision-making skills as well as physical resistance options to escape violence. radKIDS® is a life skills educational model that enhances natural instincts with real skills while increasing the foundational resiliency skills we all need to not only survive but excel.

TAKE BACK THE NIGHT
During Sexual Assault Awareness Month, STRIVE at GatorWell, the Office of Victim Services, LGBT Affairs, and Alachua County Victim Services and Rape Crisis Center join together to host Take Back the Night events that support and empower survivors, raise awareness of the prevalence of sexual violence, and give voice to their desire to end sexual violence.

STRIVE (SEXUAL TRAUMA/INTERPERSONAL VIOLENCE EDUCATION)
STRIVE educates, inspires and empowers UF students to actively participate in creating a campus community that is free from interpersonal violence. STRIVE seeks to promote individual and community accountability, and to challenge behaviors that encourage rape, sexual assault, relationship violence/abuse, harassment, and other forms of violence. Through STRIVE, peer educators are involved in outreach, education, and advocacy initiatives related to the prevention of interpersonal violence.

STRIVE Events and Training:
• Consent and ‘Bystander Intervention’ training descriptions sent to First Year Florida instructors for consideration of inclusion in their syllabi
• Weekly outreach tabling throughout the first 6 weeks of the fall semester on Title IX, Consent (including the relationship between alcohol and consent), Bystander intervention, Catcalling, What men can do to prevent sexual violence. This includes RAINN Day tabling on September 17 with bystander education.
• ‘Weeks of Welcome’ tabling for Women’s Welcome Assembly. Applied to table at LGBT Student Assembly, Black Student Assembly, Asian American Student Assembly, and Hispanic/Latino Student Assembly

GATOR WELL’S INTERPERSONAL VIOLENCE PREVENTION PROGRAM
The University of Florida’s GatorWell hosts an Interpersonal Violence Prevention Program aimed at “challenging cultural attitudes and beliefs that contribute to violence.”

GatorWell Alcohol Events and Training:
• New fall messaging around Game Day and alcohol issues
• New fall messaging around various alcohol topics (open container law, cost of a fake ID, cost of a DUI, party patrol)
• New alcohol presentations with additional topics for students to request, including one focused on the relationship between alcohol, sexual assault, judgment, communication, and consent
• Continued education on alcohol poisoning and dissemination of materials promoting UF’s Medical Amnesty Policy
• Continued collaboration with the Collegiate Recovery Community alcohol-free game day tailgates
• Planning and implementation of the annual ‘So Many Ways’ calendar of events, as October is National Domestic Violence Awareness Month. The calendar of events will include involvement opportunities for students around bullying prevention, partner violence, and conflict resolution. Additional planned STRIVE sponsored events for October include the screening and discussion of the film ‘The Mask You Live In’ (American masculinity); screening and discussion of the documentary ‘It Happened Here’ (sexual assault on campus); facilitating Escalation workshops in possible collaboration with Student Government and Sorority and Fraternity Affairs staff and students; and tie-dye activities as incentives for attending various events.
• STRIVE and LGBT Affairs to sponsor the educational performance and discussion around positive sexuality as performed by professional speaker Jean Franzblau (Sept. 30-Oct. 1)
• Train Greek Ambassadors in September to then be able to co-facilitate STRIVE’s Consent Presentation (including the relationship between alcohol and consent)
• STRIVE and LGBT Affairs to coordinate and facilitate the ‘Yes Means Yes’ five week Positive Sexuality Seminar Oct. 1 - Nov. 5 (first launched in fall 2014 and also held in spring 2015)
• Collaborate with Student Government for Student Government Sexual Assault Awareness Week Oct. 5-10: possible rape culture presentations, tabling with themes on consent (including the relationship between alcohol and sexual assault), Title IX, bystander intervention, What men can do to prevent sexual violence
• Collaborate with the ‘What Is The Good Life’ Course Director for STRIVE to offer an extra credit activity on November 19th for students taking the ‘What Is The Good Life’ course. The extra credit activity will focus on the current problem of sexual violence (including the relationship between alcohol, hook-up culture, and sexual assault), how society’s views on sexual assault are changing, exploring the costs and benefits of intervening, and what does changing the culture around sexual violence entail on the individual level
• STRIVE to offer First Year Florida Success Series Workshops on Consent and Bystander Intervention in November
• Transgender Day of Awareness Facebook remembrances Nov. 16-20
• Create and disseminate bystander tips and ‘It’s On Us’ stickers starting at the beginning of the fall semester; dissemination channels including but not limited to Gotcha Ride and interior RTS bus ads
• Continue to show and incorporate the two 1-minute PSA’s made two years ago [It is the first two videos ‘Sexual Assault PSA 1’ and ‘Sexual Assault PSA’ under the Video Gallery heading]: http://gatorwell.ufsa.ufl.edu/gallery/strive_gallery#VideoGallery

As part of a broader, comprehensive approach to interpersonal violence prevention, STRIVE works to do the following:
• Increase recognition that sexual violence is a learned behavior.
• Teach bystander intervention techniques.
• Address the role of consent in sexual relationships.
• Involve students of all gender identities as active leaders and role models in interpersonal violence prevention.
• Address alcohol and other drug issues as they play a role in interpersonal violence.
• Provide concepts that encourage healthy and consensual sexual relationships.
• Dispel traditional beliefs associated with sexual violence.

University Policies
Promoting Safety and Security continued
This program aims to:
- Promote healthy consensual relationships.
- Promote respect, acceptance, and inclusivity.
- Educate students about their role in the prevention of violence and the creation of a safe community.
- Provide students with an opportunity to get involved in prevention initiatives through the peer education group, STRIVE.

HOW TO BE AN ACTIVE BYSTANDER:
Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetrate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911.

1. Watch out for your friends and fellow student/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

RISK REDUCTION
With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest Nation Network, www.rainn.org):
1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around. Walk with purpose. Even if you don’t know where you are going, act like you do.
3. Walk with purpose. Even if you don’t know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
b. Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.

c. Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

d. Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

PROCEDURES FOR REPORTING A COMPLAINT

The University has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as availability for counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The University will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the University of Florida Police Department or local law enforcement. Student and employees should contact Elnora Mitchell, emitch@ufl.edu, 903 West University Ave, Gainesville FL 32606, (352) 392-2477.

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the University Title IX Coordinator, Elnora Mitchell, emitch@ufl.edu, 903 West University Ave., Gainesville FL 32606, (352) 392-2477, by calling, writing, or coming into the office to report in person and Campus Police (if the victim so desires). The University of Florida will provide resources, on campus, off campus, or both, to include medical, health, to persons who have been the victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges or sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Public Safety or other law enforcement to preserve evidence in the event that the victim changes his/her mind at a later date.
If a report of sexual assault, stalking, dating violence or domestic violence is reported to the University of Florida, the below are procedures that the University will follow:

SEXUAL ASSAULT:
1. Depending on when reported (immediate vs delayed report), will provide complainant with access to medical care.
2. Assess immediate safety needs of complainant.
3. Assist complainant with contacting local police if complainant requests AND complainant provided with contact information for local police department.
4. Provide complainant with referrals to on and off campus mental health providers.
5. Assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, “No Contact” directive between both parties.
6. Provide a “No Trespass” (PNG) directive to accused party if deemed appropriate.
7. Provide written instructions on how to apply for Protective Order.
8. Provide a copy of Sexual Misconduct Policy to complainant and inform complainant regarding timeframes for inquiry, investigation, and resolution.
9. Inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged, and what the outcome of the hearing is.
10. Enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex based discrimination or for assisting in the investigation.

STALKING:
1. Assess immediate safety needs of complainant.
2. Assist complainant with contacting local police if complainant requests AND complainant provided with contact information for local police department.
3. Provide written instructions on how to apply for Protective Order.
4. Provide written information to complainant on how to preserve evidence.
5. Assess need to implement interim or long-term protective measures to protect the complainant, if appropriate.
6. Provide a “No Trespass” (PNG) directive to accused party if deemed appropriate.

DATING VIOLENCE:
1. Assess immediate safety needs of complainant.
2. Assist complainant with contacting local police if complainant requests AND complainant provided with contact information for local police department.
3. Provide written instructions on how to apply for Protective Order.
4. Provide written information to complainant on how to preserve evidence.
5. Assess need to implement interim or long-term protective measures to protect the complainant, if appropriate.
6. Provide a “No Trespass” (PNG) directive to accused party if deemed appropriate.

DOMESTIC VIOLENCE:
1. Assess safety needs of complainant.
2. Assist complainant with contacting local police if complainant requests AND complainant provided with contact information for local police department.
3. Provide written instructions on how to apply for Protective Order.
4. Provide written information to complainant on how to preserve evidence.
5. Assess need to implement interim or long-term protective measures to protect the complainant, if appropriate.
6. Provide a “No Trespass” (PNG) directive to accused party if deemed appropriate.

RECOMMENDATIONS ON WHAT TO DO IF YOU ARE A VICTIM OF SEXUAL ASSAULT OR DOMESTIC VIOLENCE
• Get to a safe place. For your protection, call the police immediately, especially if the assailant is still nearby. The police will help you whether or not you choose to prosecute the assailant. Call a friend or family member for support and/or the University of Florida Police Department’s Office of Victim Services at (352) 392-5648 or (352) 392-1111 after hours. A Victim Advocate is available to assist you 24 hours daily and can help coordinate many of the services you may need both short-term and long-term.
• Get medical attention immediately. The primary purpose of a medical examination is to check for physical injury, the presence of sexually transmitted diseases, or pregnancy as a result of the assault. The secondary purpose of a medical examination is to aid in the police investigation and legal proceedings.
• Don’t bathe or douche. Though bathing or douching might be the first thing you want to do, it is highly recommended that you don’t. If you wish to pursue criminal charges in the future as a result of this incident, you might literally be washing away valuable evidence. Please keep in mind that this could be the evidence needed that could lead to the apprehension and conviction of the suspect.
University Policies
Promoting Safety and Security continued

- Save your clothing. It is all right to change clothes, but save the clothing you were wearing at the time of the attack. Place each item of clothing in a separate paper bag and save for the police. Your clothing could also be used as evidence for prosecution.
- Report the incident to police. While this choice is personal, the reporting of a sexual assault is essential to taking that first step to stop the perpetrator from victimizing others. Please note, however, reporting this crime is not the same thing as prosecution. Prosecution can be determined later and will involve your active participation. In order to notify police as quickly as possible, please call 9-1-1. By calling 9-1-1, you will have access to the most immediately available law enforcement agency whether on or off campus.
- Seek further assistance. The Office of Victim Services and many other university services are here and will assist you in both dealing with and reporting a sexual assault. The Office of Victim Services also will assist you through the entire legal process regardless of how long that process may take. While the choice is clearly yours, the UFPD encourages anyone who becomes a victim of sexual assault to report this incident to law enforcement or other proper authorities. If you are a victim of a sexual assault and decide not to notify law enforcement, please obtain medical attention immediately and contact any of the victim support resources listed in this guide for assistance as your needs and level of comfort dictate.

WHERE TO GO FOR HELP
Many sexual assault cases go unreported because the victim fears retaliation or possible humiliation if word gets around she/he has been the victim of a sex offense. It is a violation of Florida State Statute for any agency or media outlet to release the identity of a victim of sexual assault. Often victims tend to feel guilty, as though they did something to cause the attack, and many times keep the incident to themselves, or only share some of the incident with a close friend. While this may be helpful in the immediate sense, we encourage you to talk to a knowledgeable professional about your reactions to being victimized. The various services provided both on and off campus are available to all victims of violent acts and are designed to assist the victim in overcoming the trauma of the attack and proceeding with their lives. If you were sexually assaulted sometime in the past, you may still need to talk with someone about it. It was a traumatic experience and may still be affecting your life. Talking about being sexually assaulted may help you resolve your feelings.

VICTIM ASSISTANCE AGENCIES
If you or someone you know is the victim of a crime or a violation of the Student Code of Conduct, it is important that you contact agencies that can provide the resources to help you resolve the matter. Listed below are some agencies that may be able to assist you and include resources both on and off campus.

UF HEALTH JACKSONVILLE
ON-CAMPUS RESOURCES:

EMERGENCY ROOM
The UF Health Jacksonville Emergency Room is available to anyone who has become injured or assaulted and requires immediate medical assistance. The UF Health Jacksonville Emergency Room is open 24 hours daily. UF Health Jacksonville is one of the most comprehensive hospitals and one of the leading referral medical centers in the Southeast. It is a teaching hospital for the UF College of Medicine. The faculty from the UF College of Medicine includes nationally and internationally recognized physicians whose expertise is supported by intensive research activities. UF Health’s affiliation with the UF Health Science Center-Jacksonville allows patients to benefit from the latest medical knowledge and technology.

UNIVERSITY COMMUNITY HEALTH CENTER — JACKSONVILLE
Urgent care clinical services will be provided at the UF CHC Jacksonville, which is located at 655 West 8th Street on the 4th floor of the Ambulatory Care Center. Prior to presenting for care, please contact the office to arrange for a time to be seen. You will be given an appointment with one of several providers and every effort will be made for you to be seen the same day you call. The UF CHC Jacksonville offers a streamlined appointment system manned by our registered nurses. To schedule an appointment, call 3-1002 (campus phones) or (904) 383-1002 (non-campus phones). Clinic hours of operation are Monday through Friday 8:00 am to 5:00 pm. We are closed for all UF holidays. Your health insurance company will be billed for the visit, including any ancillary services such as laboratory tests, X-rays, or specialty consult.

JACKSONVILLE OFF-CAMPUS RESOURCES:

JACKSONVILLE SHERIFF’S OFFICE
The Jacksonville Sheriff’s Office (JSO) is a full service law enforcement agency dedicated to providing and maintaining the highest standards and services provided as has been done since the consolidation of city and county services in 1968. The JSO not only provides the highest quality law enforcement services but also inmate detention, rendered with dedication to equality, fairness and professional integrity. The over 3,000 sworn and civilian employees strive to keep the streets and communities safe for Jacksonville’s citizens. The JSO can be contacted at (904) 630-0500.

JACKSONVILLE SHERIFF’S OFFICE VICTIM SERVICES
The Victim Services Coordinator at the Jacksonville Sheriff’s Office has a mission to provide equality, professional and caring assistance to all crime victims, witnesses, survivors and their significant others. The JSO victim services coordinator can be reached at (904) 630-1734.

JACKSONVILLE SHERIFF’S OFFICE VICTIM SERVICES CENTER
The Victim Services Center offers comprehensive case management, referral and victim advocacy services to victims of crimes. The services are intended to help reduce the trauma associated with crime victimization and to facilitate crisis stabilization and recovery. All services are available to victims of crime and their significant others. The Victim Services Center can be reached at (904) 630-6300.

SERVICES OFFERED TO VICTIMS THROUGH THE JSO AND ITS VICTIM SERVICES CENTER INCLUDE:
- Crisis and needs assessments
- Application assistance and follow-up with Florida Victim Compensation
- Information and referral
- Court accompaniment and criminal justice support
- Elderly/disabled mobile outreach services
- Hospital programs (during/after office hours)
- Sexual Assault program —
  » 24-hour hotline service: (904) 358-RAPE (7273)
  » Forensic exams for Duval, Baker and Nassau counties
  » Anonymous HIV/AIDS testing for victims of sexual assault
  » Follow-up services

2015 UF HSC-J TOGETHER FOR A SAFE CAMPUS

Promoting Safety and Security continued

- On-scene homicide crisis intervention with Jacksonville Sheriff’s Office victim advocate
- Critical Incident Stress Management (Response) Team
- Community education and training
- Crime prevention tips and presentations upon request
- Victims Rights information and advocacy

THE STATE ATTORNEY’S OFFICE OF VICTIM/WITNESS SERVICES
The State Attorney’s Office of Victim/Witness Services provides emotional support to victims and witnesses of crimes. This office also explains the legal system and acts as a liaison between the victim and the criminal justice system. The State Attorney’s Office of Victim/Witness Services can make referrals to other service providers outside of the judicial system and may be reached at (904) 630-2400.

WOMEN’S CENTER OF JACKSONVILLE
The Women’s Center of Jacksonville provides free 24/7 crisis intervention and long-term advocacy for reported and unreported victims of sexual violence (including adult victims of child sexual abuse) and rape recovery. The Women’s Center also provides free individual and group counseling/therapy for victims of sexual violence. For more information please call (904) 722-3000 or visit www.womenscenterofjax.org.

THE HUBBARD HOUSE
The mission of Hubbard House is Every Relationship Violence-Free. Their priorities include providing safety for victims and their children, empowering victims, and social change through education and advocacy. Every woman, man, and child who comes to Hubbard House finds support, counseling, and education as they begin the difficult and dangerous transition to safety and peace. Victims of domestic violence and their children are not charged for the life-saving services they receive at Hubbard House. For more information, call the Hubbard House at (904) 354-3114 or visit their website at www.hubbardhouse.org

EMPLOYEE ASSISTANCE PROGRAM

Students, staff or faculty of the University of Florida Health Science Center – Jacksonville who would like to seek counseling or other mental health services may contact the Employee Assistance Program (EAP), Corporate Care Works at (904) 296-9436 or (800)-327-9757, which is utilized by contractual arrangement with Jacksonville. This is a 24-hour helpline staffed by licensed professionals. This is an off-campus, independently contracted counseling center. Self-referrals are accepted and encouraged. Services provided to the student, staff or faculty member will be kept absolutely confidential. No information regarding the student’s use of the EAP is given to the clerkship or program director or any other University of Florida personnel. You may also visit their website at www.corporatecareworks.com.

GAINESVILLE ON-CAMPUS RESOURCES:

UNIVERSITY OF FLORIDA POLICE DEPARTMENT

The University of Florida Police Department (UFPD) provides law enforcement services for all of the University of Florida campus. The UFPD is available 24 hours daily.

UFPD OFFICE OF VICTIM SERVICES

The UFPD Office of Victim Services provides advocacy services to victims of crime for the purpose of ensuring they are kept informed and treated with fairness. UFPD advocates are available to assist victims 24 hours a day. Victims may consult an advocate directly by calling (352) 392-5648 weekdays from 8:00 am to 5:00 pm, or after hours by calling the University of Florida Police Department at (352) 392-1111 (V/TDD). Talking with an advocate is not the same as filing a police report, and victim advocates will provide support regardless of whether or not the victim chooses to report the crime to the police. The victim advocate will work to ensure that any victim of crime receives fair treatment in accordance with the provisions of Florida State Statute 960, which can be viewed on-line at http://www.police.ufl.edu/victim-services/florida-state-statute-960crime-victim-bill-of-rights/. All services are free and confidential.

UNIVERSITY COUNSELING AND WELLNESS CENTER

The University Counseling and Wellness Center offers confidential, no cost counseling services to currently enrolled students coping with any form of sexual exploitation issues. Professional psychologists, psychiatrists and counselors provide short-term, individual, couples, and group counseling. The Center also coordinates with other campus and community resources to assist students in their recovery and continued academic progress. Appointments for counseling services may be made in person or by phone at (352) 392-1575, Monday through Thursday, 8:00 am to 7:00 pm, and Friday, 8:00 am to 5:00 pm, or online at http://www.counseling.ufl.edu/cwc/. Students in need of immediate assistance are seen on an emergency non-appointment basis.

SHANDS HOSPITAL EMERGENCY DEPARTMENT

Shands at the University of Florida Hospital Emergency Room is available to anyone who is injured or assaulted and requires immediate medical assistance. Shands at UF ER is open 24 hours daily. Shands at UF is one of the most comprehensive hospitals and one of the leading referral medical centers in the Southeast. Shands at UF is the primary teaching hospital for the UF College of Medicine. More than 500 physicians representing 110 medical specialties work with a team of healthcare professionals to provide quality care for patients. The faculty from the UF College of Medicine includes nationally and internationally recognized physicians whose expertise is supported by intensive research activities. Shands’ affiliation with the UF Health Science Center allows patients to benefit from the latest medical knowledge and technology.
THE UNIVERSITY OF FLORIDA

STUDENT HEALTH CARE CENTER

The University of Florida Student Health Care Center leads, collaborates, and excels in the provision of comprehensive services through wellness promotion and compassionate and accessible care. The Student Health Care Center also has a Women’s Health Care Clinic that is a nurse practitioner-run clinic with a female focus. The clinic includes, but is not limited to, services such as counseling on contraceptive options, sexually transmitted disease/infection (STD/STI) prevention, sexuality and other women’s health, screening, diagnosis and treatment of STDs/STIs, breast exams and instruction in self-examination, pap smears and routine pelvic exams, pregnancy testing, and sexual assault medical exams if requested.

Fall/Spring: Monday - Friday: 8:00 am - 5:00 pm; Saturday: CLOSED; Sunday*: 12:00-4:00 pm
Summer: Monday - Friday: 8:00 am - 4:30 pm; Saturday/Sunday: CLOSED

DEAN OF STUDENTS OFFICE AND OFFICE OF STUDENT CONDUCT AND CONFLICT RESOLUTION

The Office of Student Conduct and Conflict Resolution, located within the Dean of Students Office, is responsible for the judicial aspects of the Code of Student Conduct at the University of Florida. Individuals associated with the Office of Student Conduct and Conflict Resolution are directly responsible for ensuring that students referred to their office receive fair treatment in all aspects of the hearing process. Students, faculty, and staff who believe that there has been a violation of the student code can contact the office to discuss options available for reporting incidents to the appropriate authority.

SEXUAL TRAUMA/INTERPERSONAL VIOLENCE EDUCATION (STRIVE)

The Sexual Trauma/Interpersonal Violence Education (STRIVE) peer educators are available to hold open, non-judgmental forums for discussion of issues related to sexual violence. Topics can be tailored to your group’s needs and may include Healthy and Unhealthy Relationships, Dating Violence, Alcohol and Sexual Violence, and How Men Can Help.

THE UNIVERSITY OF FLORIDA LGBT AFFAIRS

The University of Florida LGBT Affairs provides education, advocacy, and support for lesbian, gay, bisexual, transgender, queer, questioning, and straight-allied students, staff, and faculty at the University of Florida. LGBT Affairs aims to create a more hospitable campus climate for all students, faculty, and staff by facilitating the ability of all LGBT Gators to pursue their studies, jobs, and lives free from the threat of bigotry and discrimination and by increasing awareness and sensitivity of LGBT issues throughout the entire campus community.

WHAT VICTIMS OF SEXUAL ASSAULT CAN EXPECT FROM UF HEALTH SCIENCE CENTER JACkSONVILLE SECURITY AND THE JACKSONVILLE SHERIFF’S OFFICE

The policies of the security department and the Jacksonville Sheriff’s Office are to ensure that sexual assault victims are afforded sensitivity and maximum humane consideration.

- Officers will ensure that a victim advocate is available throughout the process to address a victim’s needs and concerns as well as those of significant others.
- Officers will treat a victim with courtesy, sensitivity, dignity, and understanding.
- Officers will act thoughtfully without prejudging or blaming a victim.
- A victim’s request to speak to an officer of the same gender will be accommodated.
- Officers will meet privately with a victim in a location of the victim’s choice.
- Officers will make arrangements for medical treatment with respect for a victim’s choice of medical facility.
- Officers will inform a victim of services available both on and off campus.
- Officers will answer a victim’s questions at any time and will explain the criminal justice system and process.
- Officers will diligently investigate each case thoroughly and consistently, and will keep a victim informed on the progress of the case.
- A victim’s name and identifying information will be withheld from the public and the press, in accordance with the Florida Public Records Law.

THE UNIVERSITY OF FLORIDA STUDENT LEGAL SERVICES

The University of Florida Student Legal Services is a pre-paid legal service for UF students. Student Legal Services provides students a full range of typical legal services, including advice and consultation, drafting of letters and legal documents, conferences and settlement negotiations with adverse parties, legal research, review and interpretation of legal documents, drafting and filing of legal documents, and some representation in court. Notary services are also available. Preventing legal problems through education is a primary goal of Student Legal Services. Student Legal Services also educates students on their legal rights and responsibilities through lectures, workshops, presentations, and the distribution of information and materials on a variety of legal issues.

PREVENTING THE POLICIES OF THE SECURITY DEPARTMENT AND THE JACKSONVILLE SHERIFF’S OFFICE

Jacksonville Sheriff’s Office are to ensure that sexual assault victims are afforded sensitivity and maximum humane consideration.

- Officers will diligently investigate each case thoroughly and consistently, and will keep a victim informed on the progress of the case.
- A victim’s name and identifying information will be withheld from the public and the press, in accordance with the Florida Public Records Law.

A victim’s name and identifying information will be withheld from the public and the press, in accordance with the Florida Public Records Law.
WHAT YOU CAN DO IF SOMEONE YOU KNOW HAS BEEN SEXUALLY ASSAULTED

If you know someone who has been sexually assaulted, you can be of help. In the aftermath of a sexual assault, the victim may experience fear, insecurity, and/or frustration and need care and support from others. You, as a friend (or spouse or family member), can play an important role by providing reassurance, support, and guidance in that time of need.

Allow your friend to reflect upon what has happened and the feelings experienced, but do not press for details. Let her/him set the pace. Listening is one of the best things you can do at this time. In short, be a trusted friend. The decision to report this crime and perhaps move forward in the criminal justice system is a difficult one that is extremely personal for the victim. As a trusted friend, your advice can play a key role in helping her/him make that decision.

If your friend has not received medical attention, encourage her/him to do so immediately. For additional help and support, call the University of Florida Police Department’s Office of Victim Services. A victim advocate can accompany you and your friend to the medical facility and assist in coordinating the medical attention she/he may need. Know that there is a possibility the medical facility will notify the police. However, it is up to your friend to make the final decision as to whether a formal police report will be initiated.

You can be a valuable resource to your friend by seeking out and providing information that will assist in understanding available options. For example, you can let your friend know that reporting the rape and collecting evidence does not automatically lock her/him into pursuing prosecution of the offender. What it does do is assist the police in identifying the method and possible identity of the assailant. Since those that commit sexual assault tend to do so more than once, any information that can be provided may prevent the sexual assault of someone else. You may be asked to testify in conduct proceedings regarding your friend’s remarks, actions, and state of mind, especially if you were one of the first people she/he approached. Please take some time to write down or record a few notes that may prove to be of benefit later.

Making the decision to report a sexual assault to the police and to undergo the subsequent processes of evidence collection and possible legal and conduct proceedings will be very difficult for your friend. Although it is only natural that you will want to give advice, you must avoid trying to control the situation. A victim of sexual assault must be allowed to make her/his own decisions.

Whatever decisions are made, your friend needs to know that you will not judge, disapprove of, or reject her/him. The victim of sexual assault can suffer a significant degree of physical and emotional trauma, both during and immediately following the incident, that may remain for a long period of time. By being patient, supportive, and non-judgmental, you can provide a safe, accepting climate in to which your friend can release painful feelings. Sometimes friends or family members take the sexual assault of a loved one very personally, almost as if the assault happened to them. They may feel resentment or anger and unleash this anger on the victim and/or others. Sometimes their sense of frustration and helplessness is pitted against a powerful urge for revenge.

Do not make the mistake of discounting or ignoring your emotional responses. It is very important to realize that you too are responding to an unwanted crisis. You are trying to understand what has happened and adjust to unfamiliar realities. Therefore, do not hesitate to take advantage of the many support services found in our community which offer counseling for victims of sexual assault and their significant others.

CRIMES OF VIOLENCE AND THE CAMPUS CONDUCT/JUDICIAL PROCESS

Because of the seriousness of the violation and the consequences to the victims of sexual assault and other crimes of violence, the University of Florida is committed to providing prevention services, educational programming, procedures that encourage reporting of sexual assault incidents, and support services for victims.

An individual who is harmed by a violent act committed by a student in violation of the Student Code of Conduct at the University of Florida may receive special consideration according to state statute within the student conduct process. Though the primary act of violence discussed in this section focuses on sexual assault, other acts of violence that involve consideration and potential actions taken by the Office of Student Conduct and Conflict Resolution include, but are not limited to:

- Sexual assault
- Physical assault
- Relationship violence
- Stalking and harassment
- Threatening to commit acts of violence against another
University Policies
Promoting Safety and Security continued

Victims are given options concerning how or whether to proceed with an alleged incident of violence within the student conduct process; however, the Dean of Students Office/Office of Student Conduct and Conflict Resolution can proceed with conduct action without the victim’s consent in order to protect the safety and well-being of the university community.

The three options available to victims within the University of Florida’s student conduct process include:
1. The victim asks for an investigation to be undertaken. If the evidence indicates substantiation, conduct charges are filed against the accused student. The victim is called as a witness in a student conduct hearing.
2. The victim files a report with the Dean of Students Office/Office of Student Conduct and Conflict Resolution and requests that a discussion take place with the accused student about the alleged incident. Information identifying the victim will not be released during the discussion.
3. The victim files a report with Student Conduct and Conflict Resolution and affidavits are obtained to preserve the testimony of witnesses in the event that the victim and the university may want to pursue an action in the future. This option is provided to the victim with the understanding that in crimes of violence, especially sexual assault, timeliness is very important for the preservation of physical evidence as well as oral testimony.

Victims of violence whose cases are handled by Student Conduct and Conflict Resolution will be provided the following to the extent feasible:
- Freedom from intimidation and harassment on campus after the reporting of an alleged incident including, but not limited to, reassignments within the residence halls and changes of course sections to ensure the student victim’s academic and living situation are considered after an alleged sex offense has occurred;
- Information describing both the criminal and campus conduct processes;
- Information concerning the status of the case as it proceeds through the student conduct process;
- Information concerning the availability of counseling and medical services both on and off campus as well as academic assistance aimed at retaining the victim as a member of the university community;
- Treatment in a dignified and compassionate manner by representatives of the university community;
- Ability to remain present throughout the evidentiary portion of the conduct hearing;
- Presence of a person who agrees to accompany the victim throughout any investigation or campus conduct proceeding for the purpose of providing support and/or serving as an advisor;
- In cases of sexual assault/abuse or relationship violence, the ability to testify from another room provided that it does not interfere with the accused student’s right to question the accuser or a witness;
- Ability to submit proposed questions for all witnesses in advance of the hearing with the understanding that the hearing officer/chair will determine the appropriate questions to be asked;
- Exclusion of previous, unrelated sexual behavior from the student conduct hearing;
- Submission of a written impact statement to the hearing body to be considered during sanctioning, if the charged student is found responsible;
- Creation of a sensitive environment for the victim throughout the campus conduct process.

In all cases handled by the university’s conduct process, both the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding, and both the accuser and the accused shall be informed of the outcome of the disciplinary proceeding if requested. These procedures are also required to be followed by the University of Florida as outlined in federal law and do not constitute a violation of the Family Educational Rights and Privacy Act (FERPA).

**Potential Sanctions for Violation of Student Code of Conduct Involving Sexual Assault or Other Crimes of Violence**

A student found responsible for violations of the Student Code of Conduct, specifically including but not limited to sexual assault, shall be subject to sanctions commensurate with the offenses and any aggravating and mitigating circumstances, which may include one or more of the following unless otherwise expressly provided in the University of Florida Rule 6C1-4.016 which are available for viewing on-line at [https://www.dso.ufl.edu/SCCR/process/student-conduct-honor-code/](https://www.dso.ufl.edu/SCCR/process/student-conduct-honor-code/):

1. Reprimand
2. Loss of university privileges
3. Conduct probation
4. Deferred Suspension
5. Suspension
6. Expulsion
7. Restitution for university property
8. Repair of Harm through community/university service work hours
9. Educational Requirements
10. No Contact order
11. Residence hall transfer or removal

For more information about the rights of the victims, rights of the accused, and the conduct process of the University of Florida, refer to Student Rights and Responsibilities located in the Student Guide, or on the Dean of Students Office website on-line at [http://www.dso.ufl.edu](http://www.dso.ufl.edu) or the Student Conduct and Conflict Resolution website on-line at [http://www.dso.ufl.edu/SCCR](http://www.dso.ufl.edu/SCCR).

**Policy Regarding Possession, Use, and Sale of Alcoholic Beverages**

The use of alcoholic beverages by members of the University of Florida community while on campus is at all times subject to the alcohol beverage laws and ordinances of the City of Gainesville, County of Alachua, and State of Florida. Enforcement of these alcohol laws and ordinances on campus is the primary responsibility of the University of Florida Police Department (UFPD) and any other law enforcement agency representative participating in operations associated with mutual aid requests. The consumption of alcohol on the University of Florida is allowed only under certain circumstances and in designated locations. Violators are subject to University of Florida disciplinary action, criminal prosecution, fine, and/or imprisonment. Any organization that requests the consumption of alcoholic beverages for any function on campus must coordinate that request through UFPD. Any organization that violates alcohol use policies/laws may be subject to sanctions by the University of Florida.
ALCOHOL MEDICAL AMNESTY POLICY (MAP)
The University of Florida (UF) encourages a living and learning environment that promotes the health and safety of all members of the UF community. Drug or alcohol consumption—including excessive consumption, consumption of a dangerous substance, or consumption by someone with sensitivity—can cause serious physical and neurological harm or be life-threatening.

The University of Florida is committed to promoting a safe and healthy environment for all students. A medical amnesty policy benefits our campus by encouraging students to make responsible decisions in seeking medical attention in serious or life-threatening situations that result from alcohol and/or other drug abuse in any situation where medical treatment is reasonably believed to be appropriate. If a student is so intoxicated or drugged that s/he is unable to be awakened, letting that person "sleep it off" is not a reasonable alternative to getting him/her the necessary medical help. This policy seeks to diminish fear of disciplinary and conduct sanctions in such situations and to encourage individuals and organizations to seek needed medical attention for students in distress from alcohol and drug use.

If medical attention is required, students should immediately contact professional medical personnel by calling 9-1-1. A (1) student who seeks emergency assistance on behalf of themselves, another student, or a friend experiencing an alcohol and/or other drug related emergency, as well as (2) the individual in distress will not be subject to disciplinary action nor mandatory alcohol and other drug sanctions under the UF Student Code of Conduct.

If the student is involved in any subsequent (i.e., repeat) alcohol and/or drug abuse incidents, the situation will be evaluated by the Dean of Students Office and/or the Coordinator of Residential Judicial Programs to determine if the student qualifies for medical amnesty. The availability of medical amnesty for students with repetitive violations will be determined on a case by case basis. Typically, situations will be handled through the regular conduct process and will be considered for sanctioning purposes if a student does not demonstrate a commitment to the steps recommended by a health care professional and is involved in repetitive alcohol and/or drug abuse incidents.

(1) The Medical Amnesty Policy applies to UF students who initiate and seek assistance and/or medical treatment on behalf of themselves, another student, or a friend.

(2) If a representative of a UF student organization hosting an event calls for medical assistance, this act of responsibility might mitigate potential Student Conduct Code consequences that could arise against the organization, i.e., the fact that an organization sought help will be favorably considered in potential sanctioning for university policy violations. UF student organizations involved in an incident must agree to take recommended steps to address concerns. In appropriate situations as determined in the conduct process, mitigation could result in the requirement of participation in an educational program or educational activities rather than other disciplinary consequences.

(3) The protocol applies only to the UF Student Code of Conduct, Housing & Residence Education Community Standards, and Greek Life policies. Law enforcement agencies may act within their jurisdictions in enforcing the laws enacted by the State of Florida, the United States, or any other state or nation where jurisdiction may be invoked.

(4) The Medical Amnesty Policy applies only to individuals’ use of alcohol and drugs where medical attention is needed. It does not apply to other prohibited behavior such as illegal distribution of illicit substances, harassment, or assault.

(5) The Medical Amnesty Policy does apply to UF students who are a victim of sexual assault and have also engaged in underage alcohol consumption.

If you wish to view the entire Medical Amnesty Policy, please view on-line at http://www.police.ufl.edu/medical-amnesty-policy/.

**DRINKING AGE LAWS**
Florida State Statute 562.111 (which can be viewed in more detail on-line at [http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=0500-0599/0562/Sections/0562.111.html](http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=0500-0599/0562/Sections/0562.111.html)) makes it unlawful for any person:
- Under the age of 21 years to have in his or her possession alcoholic beverages; To sell, give, serve, or permit to be served alcoholic beverages to a person under 21 years of age or to permit a person under 21 years of age to consume said beverages on licensed premises;
- To misrepresent or misstate his or her age or any other person for the purpose of inducing any licensee or his agents or employees to sell, give, serve, or deliver any alcoholic beverages to a person under 21 years of age.

**OPEN CONTAINER LAWS**
City Ordinance Section 4-4(b)(1). It is unlawful for any person to consume or have in his or her possession any alcoholic beverage in any open container on any public street, thoroughfare, sidewalk, or on the premises of any publicly owned parking facility in the city of Gainesville. Nor shall any person consume or have in his/her possession any alcoholic beverages in an open container on any private property, except as a lawful guest and with the consent of the owner or person in charge of such private property.

**CONTROLLED SUBSTANCES**
The possession and use of controlled drugs by members of the University of Florida community must at all times be in accordance with the provisions of Florida Law, the rules of the Board of Regents of the State of Florida, and the rules of the University of Florida, which include the Student Code of Conduct. Under Florida law, no person may possess substances regulated under the provisions of Florida State Statute Chapter 893 which can be viewed on-line at [http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=0800-0899/0893/0893ContentsIndex.html&StatuteYear=2012&Title=%2D%3E2012%2D%3ECChapt%3Er_20893](http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=0800-0899/0893/0893ContentsIndex.html&StatuteYear=2012&Title=%2D%3E2012%2D%3ECChapt%3Er_20893)

- Under the Student Code of Conduct, students at the University of Florida who possess, use, or deliver controlled substances and designer drugs not dispensed and used pursuant to prescription are subject to disciplinary action, up to and including expulsion, from the university.
- Under the Student Code of Conduct, students at the University of Florida who possess, use, or deliver controlled substances and designer drugs not dispensed and used pursuant to prescription are subject to disciplinary action, up to and including expulsion, from the university.
- Disciplinary action against a student under university rules does not preclude the possibility of criminal charges against that individual. The filing of criminal charges similarly does not preclude action by the university.
- The use of illegal drugs and the misuse of prescription and other drugs pose a serious threat to the physical and mental well being of university students, faculty, staff, visitors, and guests of the university. The university is committed to providing accurate information and educational programs to prevent such use of drugs. If you require further information about the programs and services, or any other related assistance available from the University of Florida, please contact any of the following:

The University of Florida complies with all provisions of the Federal Drug-Free Work Place Act requirements. In conjunction with this Act, the University of Florida is committed to providing a campus environment free of the abuse of alcohol and the illegal use of alcohol and other drugs. The university has adopted and implemented programs that seek to prevent the illicit use of drugs and the abuse of alcohol by university community members. For a full text, please go to the University of Florida Drug-Free School and Work Place Policy Statement on-line at [http://www.hr.ufl.edu/emp_relations/policy/df_statement.asp](http://www.hr.ufl.edu/emp_relations/policy/df_statement.asp)

When trying to contact an office that does not list a TDD, please use the Florida Relay Service (FRS) by calling 7-1-1.

ALL EMERGENCY SITUATIONS INVOLVING:
• A crime in progress
• A medical emergency
• A fire

All emergencies should be immediately reported to 9-911 (campus phones) or 911 (non-campus phones). The timely reporting of criminal or suspicious activity is essential in helping detect, deter, prevent, and perhaps apprehend those that engage in any activity that may pose a safety threat to all of our community members.

All telephones on and off campus, including cellular and pay phones, may be used to dial 9-1-1 at no charge. While on campus, persons should be aware that different telephone systems might require you to dial an outside line before dialing 9-1-1. Please become familiar with any phone system you might use prior to use in an actual emergency situation.

As an added security measure, “Emergency Blue Light” non-dial, outdoor emergency telephones are located at strategic points throughout campus, including all parking garages. All total, there are currently more than 60 Emergency Blue-Light phones available for use on campus. These phones are easily identified by the word “Emergency” and their distinctive blue lights can be seen both day and night. When the button is activated/pushed or the receiver is lifted (depending on the model of Emergency Blue Light phone) the caller is immediately placed in contact with a security department Dispatcher. In addition to providing voice contact with a police dispatcher, the dispatcher will also know the caller’s precise location. These Emergency Blue Light phones are for emergency use only.

Additionally, all elevators in clinical buildings have emergency phones with direct contact to the security department. These phones provide a system by which one can directly establish communication for reporting elevator or other emergencies.

All non-emergency incidents occurring on campus, including criminal offenses, should be reported to the security department by contacting 4-4211 (campus phones) or (904) 244-4211 (non-campus phones) or by coming to the Security Department at 648 West 11th Street, Jacksonville, FL 32209.

WHEN CALLING FOR EITHER EMERGENCY OR NON-EMERGENCY SERVICE, BE PREPARED TO:
1. Clearly identify yourself
2. Give your location if known or provide visible landmarks/buildings if you are unfamiliar to campus
3. Explain the nature of your call with as much detail as you can provide. Please note, if this is an emergency call, notify the dispatcher immediately.

If possible, stay on the line unless otherwise advised by the dispatcher. The dispatcher will coordinate the appropriate law enforcement, fire rescue, and/or medical service response necessary for your call for service.

Members of the university community are strongly encouraged to report all crimes and suspicious activity to the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones) or appropriate law enforcement agency. No one knows your daily work environment like you do; so be aware of your environment and report any suspicious packages or persons promptly.

Because police reports in the state of Florida are open to public records review under Chapter 119 of the Florida State Statutes, the Jacksonville Sheriff’s Office cannot and will not hold reports of crime in confidence unless a specific legal exemption exists for the criminal incident indicated.
EMERGENCY NOTIFICATIONS

In conjunction with the associated requirements of the Jeanne Clery Act, the University of Florida Health Science Center – Jacksonville employs a multi-modal approach to emergency notifications, using several different methods to inform the campus community. The University maintains a large campus involving diverse operations and it is important to understand no single approach has the ability to reach 100 percent of the population.

Confirmation there is a significant emergency or dangerous situation and authorization to send messages is time dependent and determined by the incident. Confirmation of significant emergencies will require direct investigation by appropriate campus personnel. Taking into account the safety of the community, the UF Health Jacksonville Communications and Marketing Department will determine the content of the notification and initiate the appropriate elements of the emergency notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. In the event that the UF Health Jacksonville Communications and Marketing Department is unable to send out notifications, the UF Health Jacksonville Information Technology Department will send out such notifications.

For all potential campus emergency issues, the security department will be primarily responsible for confirming a significant emergency or dangerous public safety situation on campus through victim, witness or officer observations. Upon confirmation, the security department at the Officer-in-Charge (OIC) or above level will have the primary responsibility to contact Communications & Marketing to inform them that a notification must be sent out. The UF Health Jacksonville Communications and Marketing Department will prepare and issue campus law enforcement emergency notifications and will ensure they are sent out as expeditiously as possible. In the event that the UF Health Jacksonville Communications and Marketing Department is unable to send out notifications, the UF Health Jacksonville Information Technology Department will send out such notifications.

For non-law enforcement emergencies, including but not limited to hazardous materials releases, utility failures, computer systems/telecommunications failures, hazardous weather, etc., affecting the UF HSC-J campus, other departments on campus including, but not limited to Support Services Facilities and Emergency Preparedness, may also confirm that a significant emergency exists. Confirming departments will report the non-law enforcement emergency to the Department of Communications & Marketing. The Director of Communications & Marketing or his/her designee, will have the primary responsibility to prepare and issue non-law enforcement emergency notifications in cooperation with security department and other appropriate campus departments. In the event that the UF Health Jacksonville Communications and Marketing Department is unable to send out notifications, the UF Health Jacksonville Information Technology Department will send out such notifications.

Whether the emergency is a law enforcement or non-law enforcement issue, those authorized to issue emergency notifications will be responsible for determining the appropriate segment or segments of the campus community to notify. Incident circumstances may require only a floor, building, facility, area etc., will need to be notified, as compared to the entire campus.

The emergency notifications will include information that will enable members of the university community to take actions to protect themselves, including information about the type of incident, location and instructions on what actions to take and other safety tips.

Notifications involving immediate life safety issues may need to be initiated on short or no notice without full authorization. Approval to activate campus-wide notifications will be provided from the highest level listed below as circumstances permit:

1. President, UF Health Jacksonville
2. CEO, UF Health Jacksonville
3. Vice Presidents of UF Health Jacksonville
4. Director, Support Services of UF Health Jacksonville
5. Director, UF Health Jacksonville Security Department
6. Officer-In-Charge, UF Health Jacksonville Security Department

The determination of the appropriate segment of the campus community to receive emergency notifications is the responsibility of the confirming department. Those emergency notifications not requiring campus-wide distribution may be sent to individual buildings or sections of campus. Occupants in those areas might be informed of the emergency through activations of building fire alarms and/or direct interaction with a campus official.

EXAMPLES OF SITUATIONS THAT MAY REQUIRE IMMEDIATE EMERGENCY NOTIFICATIONS COULD INCLUDE:

- An occurring or impending natural disaster, or
- An occurring or impending man-made disaster.

The emergency notifications will include information that will enable members of the university community to take actions to protect themselves, including information about the type of incident, location and instructions on what actions to take and other safety tips.

Notifications involving immediate life safety issues may need to be initiated on short or no notice without full authorization. Approval to activate campus-wide notifications will be provided from the highest level listed below as circumstances permit:

1. President, UF Health Jacksonville
2. CEO, UF Health Jacksonville
3. Vice Presidents of UF Health Jacksonville
4. Director, Support Services of UF Health Jacksonville
5. Director, UF Health Jacksonville Security Department
6. Officer-In-Charge, UF Health Jacksonville Security Department

The determination of the appropriate segment of the campus community to receive emergency notifications is the responsibility of the confirming department. Those emergency notifications not requiring campus-wide distribution may be sent to individual buildings or sections of campus. Occupants in those areas might be informed of the emergency through activations of building fire alarms and/or direct interaction with a campus official.

For non-law enforcement emergencies, including but not limited to hazardous materials releases, utility failures, computer systems/telecommunications failures, hazardous weather, etc., affecting the UF HSC-J campus, other departments on campus including, but not limited to Support Services Facilities and Emergency Preparedness, may also confirm that a significant emergency exists. Confirming departments will report the non-law enforcement emergency to the Department of Communications & Marketing. The Director of Communications & Marketing or his/her designee, will have the primary responsibility to prepare and issue non-law enforcement emergency notifications in cooperation with security department and other appropriate campus departments. In the event that the UF Health Jacksonville Communications and Marketing Department is unable to send out notifications, the UF Health Jacksonville Information Technology Department will send out such notifications.

Whether the emergency is a law enforcement or non-law enforcement issue, those authorized to issue emergency notifications will be responsible for determining the appropriate segment or segments of the campus community to notify. Incident circumstances may require only a floor, building, facility, area etc., will need to be notified, as compared to the entire campus.

The emergency notifications will include information that will enable members of the university community to take actions to protect themselves, including information about the type of incident, location and instructions on what actions to take and other safety tips.

Notifications involving immediate life safety issues may need to be initiated on short or no notice without full authorization. Approval to activate campus-wide notifications will be provided from the highest level listed below as circumstances permit:

1. President, UF Health Jacksonville
2. CEO, UF Health Jacksonville
3. Vice Presidents of UF Health Jacksonville
4. Director, Support Services of UF Health Jacksonville
5. Director, UF Health Jacksonville Security Department
6. Officer-In-Charge, UF Health Jacksonville Security Department

The determination of the appropriate segment of the campus community to receive emergency notifications is the responsibility of the confirming department. Those emergency notifications not requiring campus-wide distribution may be sent to individual buildings or sections of campus. Occupants in those areas might be informed of the emergency through activations of building fire alarms and/or direct interaction with a campus official.

An occurring or impending natural disaster, or
- An occurring or impending man-made disaster.

The emergency notifications will include information that will enable members of the university community to take actions to protect themselves, including information about the type of incident, location and instructions on what actions to take and other safety tips.

4. Director, Support Services of UF Health Jacksonville
5. Director, UF Health Jacksonville Security Department
6. Officer-In-Charge, UF Health Jacksonville Security Department

The determination of the appropriate segment of the campus community to receive emergency notifications is the responsibility of the confirming department. Those emergency notifications not requiring campus-wide distribution may be sent to individual buildings or sections of campus. Occupants in those areas might be informed of the emergency through activations of building fire alarms and/or direct interaction with a campus official.
Emergency Notification and Timely Warning Policies

Message content is incident-specific and the person authorizing the notification is responsible for coordination of content language. The UF Health Jacksonville Communications and Marketing Department currently has message templates for several incidents they may require emergency notifications. These message templates are designed to help expedite the issuance of any emergency notification that must be issued. Any decision to postpone information provided to the campus community would be determined by the same official with authorization to confirm an emergency and initiate a notification. The list of individuals authorized to delay the issuance of an emergency notifications based on the aforementioned circumstances are listed above.

The UF Health Jacksonville homepage (http://ufhealthjax.org) serves as the official source of emergency information for the campus. The page will be updated as necessary during an incident requiring emergency notifications.

A blast e-mail service provides another method for emergency notification. Students, faculty, and staff are automatically enrolled in the system and do not need to register for the service. Messages are sent to University and provided email accounts.

INTERESTS OUTSIDE THE UNIVERSITY

Individuals who are not a student or employee, such as parents of students and local community members, can access emergency notifications through several resources. Most notably, the UF Health Jacksonville homepage is available to anyone with internet access and will post emergency notifications. The homepage is located at (http://ufhealthjax.org). Information is also provided to the local media and maybe broadcast by area news outlets including television, radio and newspaper. Additionally, information may also be provided on the UF Health Jacksonville official Facebook page (www.facebook.com/UFHealthJax) and Twitter account (www.twitter.com/UFHealthJax).

TEST AND EXERCISES

The Clery Act requires that the university conduct at least one test of its emergency notification system each year. This test will be conducted via a coordinated email message. These tests will evaluate emergency notification procedures and performance of the system. In connection with these tests, the university will publicize the emergency response and evacuation procedures to the campus community. Information on the University’s emergency notification systems are available on request. Records of each test will be maintained by the UF Health Jacksonville Communications and Marketing Department and will include a description of the test, date and time of the test, and whether the test was announced or unannounced.

TIMELY WARNINGS

In compliance with the Clery Act the University of Florida Health Science Center – Jacksonville also provides “timely warnings” to students, staff, and faculty in an effort to communicate prevention strategies or basic safety information about crimes or activities reported to campus security authorities, local law enforcement agencies, or the security department, that are considered to be a threat to public safety but do not require emergency notifications. In serious situations where imminent threat exists, an emergency notification will be issued and a timely warning may not be necessary. A timely warning may however serve as a follow-up to an emergency notification. Though timely warnings are not intended to be emergency notifications, they will be issued in a timely manner. Though pastoral and counselor staff are encouraged to advise victims of crime to report potential issues that may lead to a timely warning, there is no requirement that they do so. Consequently, if information that could lead to a timely warning is provided to a pastoral or counselor member, it may not be information shared with the security department and a timely warning may not be issued.

Timely warnings are intended to promote safety and enable members of the campus community to protect themselves. Timely warnings will include information about the crime or incident that led to the necessity of the warning, and also related prevention information. Timely warnings are issued to the campus community in a manner designed to get the word out quickly. At present, timely warnings are issued through the same e-mail system described previously in discussing emergency notifications, and may be posted on the UF Health Jacksonville website and notifications sent to local media outlets.

As indicated in the Clery Act, timely warnings must be issued for specific crimes, if (1) the crime is reported to campus security authorities, (2) the crime is determined to pose a serious or continuing threat to UF students, staff, faculty, or visitors, and (3) the crime occurred on campus, in or on non-campus buildings or property owned by UF, or on public property that is within the campus or immediately adjacent to campus.

CRIMES THAT MAY NECESSITATE THE ISSUANCE OF TIMELY WARNING INCLUDE:

- Criminal homicide (includes murder, non-negligent manslaughter, and negligent manslaughter)
- Sex offenses (includes forcible sex offenses and non-forcible sex offenses)
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Arrests or referrals for disciplinary action for liquor law violations, drug law violations, and illegal weapons possession
- Hate crimes, including the following listed below, if such crime manifests evidence that the victim was intentionally selected because of the victim’s actual or perceived race, gender, religion, sexual orientation, gender, gender identity, ethnicity, or disability
- Crimes of larceny-theft, simple assault, intimidation, and destruction/ damage/ vandalism of property, or
- Any other crime involving bodily injury.

A TIMELY WARNING MAY ALSO BE ISSUED FOR INCIDENTS/ACTIVITIES TO INCLUDE:

- Investigations of a series of car thefts in a certain area
- Unsolved burglaries
- A pattern of drug dealings or activities that puts students, staff, or faculty at risk
- Prevention notices, etc.
Policy Information Regarding Missing Residential Students

The University of Florida views the safety of the students residing in residential housing as a foremost concern. In pursuit of this and in an effort to inform the university community, a summary of the University’s policy regarding missing residential students is provided below. The complete Policy and Procedures can be viewed on the web link http://www.police.ufl.edu/wp-content/uploads/2012/02/Missing-Residential-Student-Policy.pdf

REPORT OF A POTENTIAL MISSING RESIDENTIAL STUDENT:
In situations where one believes a residential student may be missing, time is of the essence. One should never delay in reporting a residential student they believe is missing. The State of Florida does not require that someone be missing for more than 24 hours before a missing person report and procedures can be initiated. Therefore, the University of Florida strongly encourages anyone who believes another person is missing to call the security department and the Dean/Director of the student’s college immediately. The security department can be reached at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones).

If information about a potential missing residential student is received by the Dean/Director of the student’s college, efforts will immediately be undertaken to determine the student’s whereabouts. As soon as the circumstances dictate, and no later than 24-hours from the time a person was believed to be missing, the appropriate dean/director will contact the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones) and provide information that the residential student might be missing. Any other member of the University community (e.g., faculty, staff, or students) who is concerned that a residential student may be missing is also encouraged to contact the security department to report their concerns as well.

POLICY STATEMENT

OFFICIAL NOTIFICATION PROCEDURES
The procedures below are the steps to be followed in implementing the Residential Missing Student Policy.

1. REGISTERING EMERGENCY CONTACT INFORMATION: All UF students have the ability to provide emergency contact information in the Integrated Student Information System (ISIS). Once logged into ISIS, students can open the “My Record” tab and select “Update Emergency Contact Info.” All emergency contact information is confidential and will only be accessed by authorized University officials on a need-to-know basis.

2. INITIAL INQUIRY: If the Dean/Director of the student’s college has reason to believe that a residential student may be missing, they will undertake an initial inquiry. These efforts may include, but are not limited to, checking the student’s room, class schedule, friends, locating the student’s vehicle, and calling a cell phone number. They will report the matter to the security department as quickly as possible based on the facts and circumstances.

If the security department receives information that a residential student is potentially missing, it will undertake an initial inquiry to determine whether the residential student is missing. The security department will contact the student’s college to inform staff members about the fact that a residential student may be missing and to coordinate efforts. The Dean/Director of the student’s college will be responsible for making the determination whether the residential student is missing.

An official missing person report relating to a missing student will be referred immediately to Jacksonville Sheriff’s Office who will initiate appropriate investigative actions at that time.

3. DETERMINATION THAT A RESIDENTIAL STUDENT IS MISSING: Once the Dean/Director of the student’s college makes a determination that a residential student is missing, the following steps will be taken as soon as possible but no later than 24 hours from the determination. These steps may be done concurrently or one after the other.

a. The Jacksonville Sheriff’s Office will complete a report and enter information into the National Crime Information Center (NCIC) and Florida Crime Information Center (FCIC) systems.

b. The Dean/Director of the student’s college will notify the missing residential student’s emergency contact that the student is missing. If the missing residential student is under 18 years of age and has not been emancipated, the Dean/Director will notify the custodial parent or guardian in addition to the student’s emergency contact.

c. The Dean/Director of the student’s college, working closely with the security department and appropriate personnel from the Gainesville campus, will make contact and will keep all applicable parties informed during the course of the investigation until the matter is closed.

REASON FOR POLICY
To ensure the safe and speedy return of any missing University of Florida residential student

Crime Statistics

Crime statistics, provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act are for your information. These statistics are compiled and released annually by the University of Florida Police Department. The totals you see below represent the compilation of all designated Clery Act crimes reported to campus law enforcement officials and Campus Security Authorities (CSAs). For Clery Act reporting purposes, CSAs are University of Florida officials who have significant responsibility for student and campus activities, including, but not limited to, student activities, student housing, student athletics, and student judicial and discipline proceedings. University of Florida CSAs include, but are not limited to, the following functionaries:

- Senior Associate Dean for Educational Affairs
- Associate Dean for Student Affairs
- Medical Student Administrator
- Medical Student Coordinator
- Administrative Services Coordinator
- Program Directors
- Clerkship Directors
- Security Department Administrators
- Security Department Guards
- Campus Director, College of Nursing
- Assistant Dean, College of Pharmacy

For a complete list of UF CSAs, contact the UF CSA Coordinator at updcsa@ufl.edu.

To ensure that all designated CSAs are knowledgeable of Clery Act reporting requirements, CSAs of the University of Florida are sent an email advisory each fall and spring semester detailing the requirement that they provide to the UFPD any information brought to their attention regarding any Clery Act reportable crime. Please note that under the guidelines of the Clery Act, this information can be brought to the attention of the CSA by a victim, witness, other third party or even the offender, regardless of whether or not the individuals involved in the crime, or reporting the crime, are associated with the institution. If the CSA receives the crime information and believes it was provided in good faith, the CSA is required to report that information to UFPD. In “good faith” means there is a reasonable basis for believing that the information is not simply rumor or hearsay. That is, there is little or no reason to doubt the validity of the information.

Exempt from CSA reporting requirements are pastoral and professional counselors. A pastoral counselor is an individual associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor. A professional counselor is a person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution. Despite this exemption, UF affiliated pastoral and professional counselors are encouraged to discuss with clients, if applicable, the procedures for confidential crime reporting with other third party or even the offender, regardless of whether or not the individuals involved in the crime, or reporting the crime, are associated with the institution. If the CSA receives the crime information and believes it was provided in good faith, the CSA is required to report that information to UFPD. In “good faith” means there is a reasonable basis for believing that the information is not simply rumor or hearsay. That is, there is little or no reason to doubt the validity of the information.

Exempt from CSA reporting requirements are pastoral and professional counselors. A professional counselor is a person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution. Despite this exemption, UF affiliated pastoral and professional counselors are encouraged to discuss with clients, if applicable, the procedures for confidential crime reporting with other third party or even the offender, regardless of whether or not the individuals involved in the crime, or reporting the crime, are associated with the institution. If the CSA receives the crime information and believes it was provided in good faith, the CSA is required to report that information to UFPD. In “good faith” means there is a reasonable basis for believing that the information is not simply rumor or hearsay. That is, there is little or no reason to doubt the validity of the information.

Exempt from CSA reporting requirements are pastoral and professional counselors. A pastoral counselor is an individual associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor. A professional counselor is a person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution. Despite this exemption, UF affiliated pastoral and professional counselors are encouraged to discuss with clients, if applicable, the procedures for confidential crime reporting with other third party or even the offender, regardless of whether or not the individuals involved in the crime, or reporting the crime, are associated with the institution. The statistics provided below also include Clery Act crime report data received from other law enforcement agencies with jurisdiction in geographical areas outside of the main campus where the University of Florida owns, leases, or controls property where significant student activity occurs. In order to comply with this portion of the statistical reporting requirement, the UFPD completes an annual process of property identification, determination of law enforcement jurisdiction, request for Clery Act crime statistics from appropriate law enforcement agencies, and follow-up contact to ensure a reasonable, good-faith effort is completed in the collection of required statistics. This same process is also conducted with the local law enforcement agency that has jurisdictional control over public areas adjoining the University of Florida.

The crime statistics reported are broken down geographically according to the following categories: Total Campus (Total) and Campus Residential (Res); Non-Campus Building or Property; and Public Property. The following definitions apply to these geographic categories:

**CAMPUS:** (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

**NON-Campus Building or Property:** (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

**PUBLIC PROPERTY:** All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
Definitions of Crimes for Use in Classifying Criminal Offenses

2014 CLERGY CRIMES AND DEFINITIONS:

**MURDER** - The willful (non-negligent) killing of one human being by another.

**MANSLAUGHTER** - The killing of another person through negligence.

**RAPE** - The carnal knowledge of a person, forcibly and/or against the person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her temporary permanent mental or physical incapacity (or because of his/her youth).

**FORCIBLE FONDLING** - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against the person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary permanent mental or physical incapacity.

**INCEST** - Non-forcible sexual intercourse between person who are related to each other within the degrees wherein marriage is prohibited by law.

**STATUTORY RAPE** - Non-forcible sexual intercourse with a person who is under the statutory age of consent.

**ROBBERY** - The taking, or attempting to take, anything of value under confrontational circumstances from the control, custody or care of another person by force or threat of force or violence, and/or by putting the victim in fear.

**AGGRAVATED ASSAULT** - An unlawful attack by one person upon another where either the offender displays a weapon, or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

**BURGLARY** - The unlawful entry into a building or other structure with the intent to commit a felony or a theft.

**MOTOR VEHICLE THEFT** - The theft or attempted theft of a motor vehicle.

**ARSON** - To unlawfully and intentionally damage, or attempt to damage, any real or personal property by fire or incendiary device.

**LIQUOR LAW VIOLATIONS** - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possessing or use of intoxicating alcoholic beverages.

**DRUG RELATED VIOLATIONS (SALE AND POSSESSION)** - The unlawful cultivation, manufacture, distribution, sale, purchase, possession, transportation or importation of any controlled drug or narcotic substance. Or, the unlawful manufacture, sale, purchase, possession or transportation of equipment or devices used for preparing and/or taking drugs or narcotics (drug paraphernalia).

**WEAPON LAW VIOLATIONS** - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons.

**DATE CRIME REPORTING** - All hate crimes associated with any of the following crimes: homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, any other crime involving bodily injury, larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property reported to law enforcement need to be reported. Hate crimes are those crimes that manifest evidence that the victim was intentionally selected because of the perpetrator’s bias toward race, gender, religion, sexual orientation, national origin, sexual orientation, gender identity, ethnicity, or disability of the victim. If a hate crime is reported, the type of prejudice and the type of crime need to be listed.

**DOMESTIC VIOLENCE** - The term “domestic violence” includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

**DATING VIOLENCE** - The term “dating violence” means violence committed by a person—(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship. (ii) The type of relationship. (iii) The frequency of interaction between the persons involved in the relationship.

**STALKING** - The term “stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—(A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress.

**HATE CRIMES**

A hate crime is considered a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin. Although there are many possible categories of bias, under the Clergy Act, only the following six categories are reported:

• **RACE**. A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).

• **GENDER**. A preformed negative opinion or attitude toward a group of persons because those persons are male or female.

• **RELIGION**. A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).

• **SEXUAL ORIENTATION**. A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex (e.g., gays, lesbians, heterosexuals).

• **ETHNICITY/NATIONAL ORIGIN**. A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and traditions (e.g., Arabs, Hispanics).

• **DISABILITY**. A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

In conjunction with the Clergy Act, hate crimes include any of the following offenses that are motivated by bias:

• Murder and Non-Negligent Manslaughter

• Forcible Sex Offenses

• Non-Forcible Sex Offenses

• Robbery

• Aggravated Assault

• Burglary

• Motor Vehicle Theft

• Arson

• Larceny-Theft

• Simple Assault

• Intimidation

• Destruction/Damage/Vandalism of Property

* Information in the categories of domestic violence, dating violence and stalking was not required until 2013 under the Clery Act.
Resources for the university community in the areas of crime prevention and personal safety education are available from a variety of sources. Students, staff, faculty and visitors are encouraged to become familiar with and utilize these resources in their efforts to prevent crime on campus.

**UF HSC-J CRIME PREVENTION RESOURCES**

**CRIME PREVENTION NEWSLETTERS**
The security department periodically produces a Crime Prevention Newsletter to help educate the campus community on personal safety and crime prevention. Topics covered in this newsletter include theft prevention, crime statistics, parking safety and the campus escort service.

**CAMPUS ESCORT SERVICE**
In order to help promote safety on campus, the security department offers a free escort service around campus before and after business hours (8:00 am to 5:00 pm), 7 days a week. All students, faculty, staff and visitors may take advantage of this free service by calling the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones) during normal business hours.

**ANNUAL REPORT**
The security department produces an annual report to detail their major accomplishments and improvements. Improvements and updates to monitoring, responding, equipment and training are detailed in this report. The goal of the report is to provide the campus community with an up-to-date look at security’s accomplishments and available services. The report is available to the public and may be viewed by contacting the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones) during normal business hours.

**CAMPUS SHUTTLE SERVICE**
The campus shuttle service is provided by UF Health Jacksonville Parking Department. There are two shuttle lines which bring passengers to main points around campus. The shuttles run from 6:00 am to 8:00 pm 7 days a week. Students, faculty, staff and visitors are encouraged to use this free service. For more information on this service, please call UF Health Jacksonville Parking Department at (904) 244-4187.

**GAINESVILLE CAMPUS CRIME PREVENTION RESOURCES**

**THE UFPD COMMUNITY SERVICES DIVISION CRIME PREVENTION RESOURCE CENTER**
The Community Services Division’s Crime Prevention Resource Center is a fantastic source for a myriad of literature on various topics of crime prevention. Also, anyone can receive personal counseling on crime prevention and self-defense tactics from an officer in the division.

**ORIENTATION PROGRAMS**
The University of Florida Police Department participates in the Dean of Students Office’s new student orientation program called Preview. Preview presentations are provided for all new freshman and transfer students. A police officer provides an overview of safety and security programs, safety policies, as well as safety tips and resources. A police department victim advocate provides information on victimization issues and assistance provided by the Office of Victim Services. Preview presentations provide students with the information they need to make informed decisions about the choices they will face while helping them learn how to reduce their risk of becoming a victim of crime.

The University of Florida Police Department also participates in the Human Resources’ NEO program. A police officer provides an overview of safety and security programs, safety policies, and safety tips, as well as resources for additional information at each of the several sessions held each month.

Both Preview and NEO provide opportunities to learn about security programs, safety policies, and resources available, and both programs emphasize the importance of personal responsibility in the control of crime.

**UFPD K-9 TEAM**
The UFPD has responded to the need for increased security precautions on campus and at special events that take place on campus with the formation of a K-9 Unit. The K-9 Unit consists of Sergeant Matt Davis with his K-9 partner Gator and Officer Sam Sexton with his K-9 partner Rocky. Sergeant Davis has been with UFPD’s Patrol Division since 2001 and Gator is a five-year-old pedigree German Shepherd. Officer Sam Sexton has been with the University of Florida Police Department since 2005 and Rocky is a two-year-old pedigree German Shepherd. Both Gator and Rocky are imported from Europe and are specially trained and certified in the search and detection of explosive devices.
ALCOHOL AND DRUG ABUSE PREVENTION PROGRAMS

The university offers a number of education programs and resources available to everyone in the university community. These programs include presentations, information, and literature promoting responsible decision-making concerning the use of alcohol and drugs. These programs are presented on a continuing basis through Gatorwell Health Promotion Services, Dean of Students Office, Department of Housing and Residence Education, Interfraternity and Panhellenic Councils, and the University of Florida Police Department.

The University Counseling and Wellness Center is located on campus at 3190 Radio Road. Individual appointments and group sessions are available for students who want assistance with alcohol and drug use issues. All services are provided free to registered students and are completely confidential. Please call (352) 392-1575 for additional information or to schedule an appointment.

Gatorwell Health Promotion Services has many locations on campus, but the main office is in the Counseling and Wellness Center. Gatorwell offers confidential screening assessments for alcohol and drug use and referrals to campus and community agencies for recovery assistance. Brochures, fact sheets, posters, videos, CD-ROMs, and other educational materials are available to all students. Gatorwell staff also provides educational programming to campus organizations and residence halls as requested. Gatorwell works collaboratively with the Dean of Students Office to address alcohol, drug use, and other related issues. For more information, view the Gatorwell website on-line at http://gatorwell.ufsa.ufl.edu/ or call (352) 273-4450.

The University of Florida Police Department Community Services Division offers educational programs, presentations, and literature promoting responsible decision-making and providing education on the legal consequences of alcohol and drug use. The resource center maintained in the Community Services Division contains an excellent supply of brochures, posters, and other printed materials about this subject, which are available to the public free of charge. Students should take time to familiarize themselves with the University of Florida Alcohol Policy, which is available on-line at http://www.ufsa.ufl.edu/faculty_staff/committees/alcohol_drug_education/uf_alcohol_policy. Please call (352) 392-1409 for further information.

The University of Florida is committed to promoting a healthy and safe environment for all UF students. UF encourages all students to make responsible decisions and seek medical attention in serious or life-threatening situations that result from alcohol and/or other drug abuse. Because students may be hesitant to seek help in the case of an alcohol or other drug related emergency, UF created a Medical Amnesty Policy (MAP). Under this policy, the person calling for help and the person in crisis will not be referred for Student Code of Conduct violations regarding the alcohol or drug use. MAP incidents will not be entered on the student’s official academic record either. Although law enforcement agencies still have the right to enforce the law, UF encourages students to make responsible decisions in seeking medical attention. For more information on the amnesty policy, visit http://www.police.ufl.edu/medical-amnesty-policy/. General questions can be directed to the Counseling and Wellness Center at (352) 392-1575 and questions for student organizations can be directed to the Dean of Student’s Office at (352) 392-1261.

PERSONAL SAFETY AND RAPE PREVENTION PROGRAMS

Personal safety is a top priority at the University of Florida. Programs are directed towards educating the university community on personal safety issues, increasing public awareness, and providing facilities to aid in the prevention of crime. The University of Florida is a pioneer in this area. Informational programs on the issues of date/acquaintance rape, relationship violence, workplace violence, and personal safety are provided on a regular basis. The Community Services Division of the University of Florida Police Department is proud to offer RAD (Rape Aggression Defense) self-defense training to all women of the university community. RAD training focuses on personal safety skills and threat assessment to empower women with the ability to protect themselves in violent situations. For more information, call the Community Services Division at (352) 392-1409.

Other organizations that contribute to the success of these programs include the University of Florida Police Department’s Office of Victim Services, University Counseling and Wellness Center, Student Conduct and Conflict Resolution, Department of Housing and Residence Education, Student Government and other student organizations, and the Alachua County Victim Services and Rape Crisis Center.

UNIVERSITY SPONSORED PROGRAMS FOR NEW STUDENTS AND THEIR PARENTS

During orientation programs such as Preview, Scholars Program, and Minority Orientation, discussion groups are organized with students, parents, and police. The purpose of these groups is to provide newcomers and their parents with important information and literature on personal safety, campus security, available emergency and crime prevention services, and other safety and security issues of concern.
ANNUAL SPRING BREAK SAFETY FAIR
The University of Florida Police Department, other local law enforcement agencies, and community organizations sponsor an annual pre-Spring Break information fair. The fair provides a fun and informative day for students, encouraging Spring Break safety and compliance with laws and regulations, including beach and alcohol laws. The fair is held on the Reitz Union Colonnade and usually attracts between 10,000 and 12,000 participants.

FREE BICYCLE REGISTRATION
Bicycles can be a target for theft on the University of Florida campus. The UFPD offers a free bicycle registration program to help combat this problem. Registration provides an opportunity for instruction in the proper type and use of security devices for bicycle protection, as well as information pertaining to bicycle laws and safety. This service is available at several locations at the beginning of each semester, during regular business hours at the Community Services Division, or at any time at the UFPD Patrol Building Front Desk. Bikes can also be pre-registered on-line at http://www.police.ufl.edu/. Click on the OPERATION IDENTIFICATION link (under “Online Personal Property Registration”) and complete the provided form. After selecting the “non-electronic” category, the option to select bicycle equipment is available under the property type drop-down menu. Then bring your bicycle to UFPD to confirm your serial number and receive your decal.

BICYCLE RODEO
The bicycle rodeo is a children’s program designed to teach safe bike riding techniques, the value of predictability in traffic, and the rules of the road.

OPERATION IDENTIFICATION
The Community Services Division sponsors Operation Identification (OP – ID), a program promoting identification of personal property in residence halls, sorority and fraternity houses, family villages, and business and academic offices. During OP – ID programs, items of personal property are registered and the participants are provided an opportunity to talk one-on-one with police officers about security concerns. Officers can assist in locating serial numbers and MAC addresses on wireless devices as well. The Community Services Division also can register property during regular business hours. As an added convenience, property can be registered online. Any type of property can be registered with the police department on-line at http://www.police.ufl.edu/. Click on the OPERATION IDENTIFICATION link (under “Online Personal Property Registration”) and complete the provided form. Multiple items can be registered and you may add to your list at any time by returning to the website.

GATOR WATCH CRIME WATCH PROGRAMS
Gator Watch Crime Watch programs are available for all members of the community. Students have access through their housing facilities and university employees can attend programs through their work units.

Gator Watch Crime Watch programs introduce concepts of personal responsibility and how an individual can positively affect crime by being observant and reporting to the police. Basic personal safety and property security principles are also taught.

Contact the Community Services Division at (352) 392-1409 for more information or to establish a Gator Watch Crime Watch in your area.

STALL STORIES
Stall Stories is a publication featuring stories about personal safety, crime prevention, and special security issues. Published in cooperation with the Community Services Division, the Department of Housing and Residence Education, and other university departments, Stall Stories are routinely placed on the inside of bathroom stall doors in all residence halls.

VOLUNTARY INSPECTION PROGRAM (V.I.P.)
The Voluntary Inspection Program was created to encourage apartment complexes and rental properties to practice safety standards known as “Community Safety Guidelines.” The program is a partnership between local law enforcement agencies, the University of Florida, and the Gainesville Apartment Association. To participate, complexes must volunteer to be inspected by a specially trained law enforcement officer using the Community Safety Guidelines. If the complex passes inspection, they receive a certificate to display as well as a free listing on the University of Florida Police Department website. If the property where you live has not been inspected, encourage the management to participate in the V.I.P. and help make our community safer for everyone.

For additional information about V.I.P., including request forms, the Community Safety Guidelines, and currently certified residential properties, view the UFPD V.I.P. website on-line at http://www.police.ufl.edu/community-services/voluntary-inspection-program/.

SEXUAL OFFENDER/PREDATOR REGISTRATION IN FLORIDA
The federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders/predators may be obtained. The act also requires registered sex offenders/predators to contact the appropriate state officials and provide notice of each higher education institution in that state at which the offender/predator is employed, carries on a vocation, or is a student.

In accordance with Florida State Statute 775.21 (“The Florida Sexual Predators Act”) and Florida State Statute 943.0435, convicted sex offenders in Florida must register with the Florida Department of Law Enforcement (FDLE) within 48 hours of establishing permanent or temporary residence. The FDLE makes information concerning the presence of registered sexual offenders/predators available to local law enforcement officials and the public. It is then the responsibility of the county sheriff or the municipal police chief to make required notification to all community members of the presence of predators only (not offenders) in a manner deemed appropriate by the sheriff or police chief. It is the responsibility of the county sheriff to notify the university if an offender or predator is enrolled, employed, or carrying on a vocation at the university. The UFPD is required to inform members of the campus community where to obtain information about such offenders/predators.

Any member of the University of Florida community who wishes to obtain further information regarding sexual offender/predators in our area may refer to the FDLE website at http://www.fdle.state.fl.us/Content/home.aspx, call 1-888-FL-PREDATOR (1-888-357-7332), or utilize the FDLE website searchable database at http://offender.fdle.state.fl.us/offender/Search.jsp. The FDLE searchable database may be used to find all registered sex offenders in any city, county, or zip code in the state. You can also access the FDLE searchable database from the University of Florida Police Department website at http://www.police.ufl.edu/. You also may contact the UFPD for copies of notifications received from the Alachua County Sheriff’s Office, Department of Corrections, or Florida Department of Law Enforcement.
PERSONAL SAFETY TIPS

- Be aware of your surroundings and of the behavior of the people around you. Follow your intuition; trust your feelings about suspicious situations. Report all suspicious persons or activity to law enforcement.
- Practice the buddy system.
- Be aware of your feelings when you are faced with situations in which you do not feel relaxed or in charge. If you feel uncomfortable, act on it.
- In general, the more information you have about a person, a situation, and your own feelings and reactions, the safer you will feel.
- Be aware that alcohol and drugs compromise your awareness and your ability to identify and act on your feelings. They also increase the opportunity for victimization.
- Be able to identify your sexual limits; it’s your body and no one has the right to force or pressure you to do anything you do not want to do.
- Stay alert and tuned in to your environment. Remember that cell phones, iPods, and other electronic devices divert your attention from your surroundings and block out environmental sound, which increases your vulnerability.
- Travel in well-lit and high-traffic areas at night. Always avoid shortcuts through wooded areas, parking lots, or alleys.
- Try to never jog or bike alone. If you must go alone, avoid isolated and poorly lit areas. Do not use headphones while biking, jogging, walking, or exercising outdoors.

- Instead of walking alone at night, request a ride through SNAP at (352) 392-SNAP or online at http://www.police.ufl.edu/community-services/student-nighttime-auxiliary-patrol-snap/ You can also call UFPD at (352) 392-1111 for an escort from an officer.

PERSONAL SAFETY AND THE INTERNET

The internet is very much like our society. The majority of people only have the best intentions and behave responsibly. However, there are always potential offenders mixed in the population. Observe the same precautions online that you would in everyday life. Be aware of the possibilities and take the appropriate steps to avoid situations you know or suspect could be dangerous. Below are some basic personal safety tips that you should consider whenever participating in internet communication.

- Always practice personal safety when using social networking sites. Use the additional privacy settings available on the sites to restrict access to your posted information. Regularly check the settings and make updates as necessary.
- Avoid giving out personal information, such as your home address or telephone number, to people you meet online.
- Avoid posting your personal information, such as your telephone number, the name of your apartment complex or dorm, or your class schedule, on social networking sites.

Handling Obscene or Harassing Phone Calls

A telephone call is considered obscene or harassing if it is received at a location where you have a reasonable expectation of privacy and the caller makes repeated calls or makes any comment, request, suggestion, or proposal which is obscene, lewd, lascivious, filthy, vulgar, or indecent.

If you receive harassing or obscene phone calls:

- Report obscene or harassing phone calls received on campus to the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones). Report obscene or harassing phone calls received off campus to the Jacksonville Sheriff’s Office at (904) 630-0500. They will connect you with an officer from the appropriate law enforcement agency.
- Pay attention to any background noises, the caller’s sex, accent, speech pattern, or anything else to aid in identification.
- Keep a log of calls received, including dates, times, and details of the calls. If calls are received on your voicemail or answering machine, save the message(s).
- Use the *69 service on your telephone. By pressing *69 the telephone number of the last caller is identified. There is a charge of $1.25 per use. When you receive an unwanted telephone call, use this service, document the number in your call log, and provide the number to the police.

Not everyone is who he or she may seem, and posting your personal information online can increase your risk of victimization.

- Before you agree to meet in person with anyone you meet online, try to verify the person’s identity, possibly through a third person whom you know and trust, and verify other information the person provided, such as place of employment or classes said person attends. Online predators thrive on the anonymity of the medium. If the person’s identity or other provided information is proven to be false, STOP COMMUNICATION WITH THAT PERSON IMMEDIATELY.
- Exercise caution if you decide to arrange such a meeting and make it on YOUR terms. Choose a public location that you know well, and tell a friend about the meeting. Arrange your own transportation to and from the meeting. Bring a cell phone available to you at all times. Note the person’s physical description (gender, race, age, height, weight, hair color, clothing, facial hair, scars/marks/tattoos, etc.) in case something goes awry and you need to describe the individual to the police.
REDUCE YOUR RISK OF DRUG-FACILITATED SEXUAL BATTERY

- Never leave your drink unattended. Drugs used in drug-facilitated sexual battery (rape) can be slipped into any type of beverage and you will never know because such drugs are colorless, odorless, and tasteless.
- Do not accept drinks from anyone but a bartender or server.
- Try to attend bars or parties with a group of friends, arranging beforehand to watch each other’s drinks.
- If you think your drink has been tampered with, seek medical attention immediately, and request the hospital conduct toxicology testing.

STUDY/WORKPLACE SAFETY

- Practice the buddy system. When working or studying late, let others know where you are, what time you plan to return, how to reach you, and what route you will take on the way home. Do not list such information on any social networking sites.
- When working late, make sure doors are locked. Avoid using stairs in remote sections of a building. Be aware of the locations of the Emergency Blue Phones.
- Never prop doors open, especially fire doors, even for a short time.
- Keep purses and backpacks in a locked cabinet or drawer. Avoid leaving them on or beneath a desk.
- Do not leave your personal belongings unattended, even for a brief period of time.
- Never allow unknown persons to enter secured facilities.
- Install the Front Door Software onto your laptop. This is a free prevention, protection, and recovery program for students, faculty, and staff. To download the software, click on the Front Door Software icon listed on the UFPD home page, which can be viewed online at http://www.police.ufl.edu.
- Register your laptop, cell phone, and other electronic devices with UFPD. This is a free service that you can do on your own using the UFPD website or you can bring your property to the Community Services Division in Gainesville for assistance.
- Report all suspicious persons or activity to law enforcement.
- Out late studying or working? Call a friend or request a ride when you’re ready through the security department by calling 4-4211 (campus phones) or (904) 244-4211 (non-campus phones).

RESIDENCE SECURITY TIPS

- Keep your interior residence hall room doors locked at all times.
- All guests must be escorted in residence halls.
- Never allow unknown persons to enter your residence hall, apartment, or house.
- Propping open exterior residence hall doors is a safety risk and a violation of housing policy.
- Lock your door when you are at the pool, laundry room, game room, or a neighbor’s residence, even if just for a few minutes.
- Do not leave your personal belongings unattended in the common areas, even for a brief period of time.
- If you return to your residence and find signs of forced entry, leave immediately, seek safety, and notify the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones).
- Have keys in hand to unlock doors when returning home, especially at night.
- Know your plan of escape from your residence in case of fire or other emergency.
- Be familiar with the security services available to your community.
- Report all suspicious persons or activity to Security.
Traffic Safety
UF HSC-J and the Gainesville Campus

PREVENTING AUTO, MOTORCYCLE, AND SCOOTER THEFT
Don’t make your car an easy target for a thief. On average, it takes less than 30 seconds to steal a car. Give a thief an inch and he or she will take your car for miles. Here are some tips to make it harder for the thieves:
- Always lock your car, close the windows, and take the keys. A Gallup poll found that thirty-one percent of us don’t always lock our car doors. Twelve percent leave a window cracked open, usually for ventilation, and fourteen percent of us don’t always remove our keys.
- Never leave valuables in sight. Thieves are attracted not only by your car, but also by its contents.
- If at all possible, invest in an alarm system or theft deterrent device.
- Use a high visibility theft deterrent such as a steering wheel lock or security alarm.
- Never leave your car running and unoccupied, even for just a minute.
- Have your vehicle identification number etched on the car windows. Drop a business card into your door panels. This may make your car more easily identifiable to law enforcement in the event that it is stolen and subsequently recovered.
- Secure your motorcycle or scooter properly by following the recommended security measures indicated by your manufacturer. These vehicles are often taken simply because of their light weight and availability.

SAFETY TIPS FOR VEHICLE OPERATORS
- Always yield to pedestrians in the roadway.
- Watch your “blind spot” for other traffic, such as bicycles and pedestrians, overtaking you when making right turns.
- Always stop for pedestrians in crosswalks.
- Always behave in a predictable manner and use turn signals. Other traffic may not always see you or recognize your intentions.
- Oversized vehicles must watch for bicycles, pedestrians, and other traffic when turning.

BIKES ON CAMPUS
In Florida, a bicycle is considered a vehicle when operated on the roadway. As a result, bicycles are subject to the same responsibilities and regulations as motorists. The same fines apply to motorists and bicyclists for traffic violations, such as failing to yield to a pedestrian, running a stop sign or red light, going the wrong way on a one way street, or riding on the wrong side of the road. Additionally, there are laws specific to bicycle operators, such as a mandatory white front light and red rear light if the bicycle is being ridden between sunset and sunrise, an allowance for only one person per permanently affixed seat, a requirement to keep at least one hand upon the handlebars at all times, and a restriction against wearing more than one ear bud at a time.

BIKE HELMETS
Florida law requires all people 16 years of age or younger to wear a helmet when riding a bicycle. All cyclists are encouraged to wear a bike helmet for their safety. Serious head injuries can be avoided when bicyclists wear this important piece of safety gear.

MOPEDS AND MOTOR SCOOTERS ON CAMPUS
Mopeds are considered motor vehicles unless they are being operated solely by human power. When they are under engine power, they cannot be ridden on sidewalks. Motor scooters also are considered motor vehicles and cannot be driven on sidewalks or in bike lanes. Both mopeds and motor scooters are subject to violations of the same laws as all other motor vehicles, such as running stop signs, failing to yield to pedestrians, and speeding. Florida also has traffic laws specific to the operation of motorcycles and mopeds. For example, no person shall operate a motorcycle or moped while carrying anything which prevents the driver from keeping both hands on the handlebars.
Bicycle Security Information

- Register your bicycle with the University of Florida Police Department (UFPD). In the event that your bicycle is lost or stolen, you will have a better chance of it being returned to you if recovered. This is a free service and any UFPD officer can assist you.

- Park and lock your bicycle in well-lit areas.

- Secure your bicycle to a bicycle rack with a quality, hardened steel "U" type lock. Always lock your bicycle by putting the U-lock through the bike’s frame, a wheel, and the rack. This is especially important if your bicycle has quick-release wheels.

- If you have quick-release wheels, remove the front wheel and place it next to the rear wheel. Then put the U-lock through both of the wheels, the frame, and the bicycle rack.

- Avoid putting a U-lock through only one wheel. The wheel can be removed and the frame and remaining wheel can easily be stolen.

- Place the lock on your bicycle with the key mechanism facing the ground. This will make it harder for a thief to tamper with it and less likely that the mechanism will fail as a result of exposure to the weather.

- Avoid using cable locks, not locking your bicycle to fixed object such as a bicycle rack, or leaving it parked in the same place for a long period of time.

- Never lock your bicycle to another bicycle. Your bicycle lock may be cut to release the other bicycle, leaving your bicycle unsecured.

- Never block building entrances, ramps, or handicap areas with your bicycle. These areas must remain clear at all times and can’t be used as a location to secure your bicycle.
Transportation
On or Around UF HSC-J

SHUTTLE SERVICE
The UF Health Jacksonville Parking Department provides a shuttle service to main points around campus. The two shuttle lines run from 6:00 am to 8:00 pm, 7 days per week. All students, faculty, staff and visitors are encouraged to use this free service. For more information please contact the Jacksonville Parking Department at 4-4187 (campus phones) or (904) 244-4187 (non-campus phones).

JACKSONVILLE TRANSPORTATION AUTHORITY (JTA)
JTA is a public commuter service that offers bus, trolley, para-transit and skyway transportation throughout Jacksonville and Duval County. For more information on route times, rates and locations, please visit: www.jtafla.com

CAMPUS ESCORT SERVICE
In order to help promote safety on campus, the security department offers a free escort service around campus before and after business hours (8:00 am to 5:00 pm) 7 days per week. All students, faculty, staff and visitors may take advantage of this service by calling the security department at 4-4211 (campus phones) or (904) 244-4211 (non-campus phones). Please call 15 minutes prior to your desired pick-up time.

Transportation
On or Around the Gainesville Campus

STUDENT NIGHTTIME AUXILIARY PATROL (SNAP)
SNAP is a free, nightly, campus point-to-point, safety and transportation service co-sponsored by Student Traffic Court, Student Government, and the University of Florida Police Department. All SNAP employees are University of Florida students who have passed a stringent background check and driving test. Employees are equipped with a police radio and picture ID, and their communications and activities are monitored by the University of Florida Police Department. SNAP is available when classes are in session during the fall and spring semesters from 6:30 p.m. until 3:00 a.m. nightly. During the summer, SNAP operates from 8:30 p.m. until 3:00 a.m. nightly. SNAP escorts are available by calling (352) 392-PARK, or (352) 392-7275 for UF faculty and staff on the Main Campus, and (904) 244-4211 (non-campus phones). For more information on SNAP's fixed-route services upon presentation of a Gator 1 ID card. For more information on route times and locations call (352) 334-2600 or visit the RTS on-line at: http://go-rts.com/.

GATOR LIFT SERVICE
This service provides on-campus transportation for students, faculty, and staff with temporary or permanent disabilities. The buses are equipped for wheelchairs and have steps for easy access. The Gator Lift Van operates from 7:00 a.m. to 11:00 p.m., Monday through Friday. For daytime service call (352) 494-2305. For more information on the Gator Lift Van, service please call (352) 392-7275 or visit on-line at http://www.parking.ufl.edu.

TRANSPORTATION AND PARKING SERVICES (TAPS)
TAPS supervises the operation of a shuttle bus, which provides transportation to various locations within the university campus. TAPS also provides point-to-point transportation through Campus Cab for UF faculty and staff on the Main Campus, East Campus, and some UF facilities in Alachua County. For more information on either service call (352) 392-PARK or visit the TAPS on-line at http://www.parking.ufl.edu.

EXTERNAL TRANSPORTATION
Free medical center shuttle service is provided for patients, visitors, and staff, Monday through Friday, excluding holidays. External transportation operates three shuttle services incorporating nine shuttle buses on five predetermined routes. For more information on available shuttle buses, visit the Health Science Center Parking and Shuttle information site on-line at www.ufhealth.org/uf-health-shands-hospital-patient-guide/parking

The Visitor Parking Shuttle operates 7:00 a.m. to 9:15 p.m. and provides transportation to and from the West Visitor Parking Garage (Garage 3), Main Entrance, and the West Dental Entrance.

The Cancer Center Shuttle operates 7:00 a.m. to 6:00 p.m., providing transportation to and from the Cancer Center, Children's Medical Services (Gerald L. Schiebler Building), Hope Lodge, Ronald McDonald House, 1329 Building, and Main Entrance.

The UF Health Vans (employee shuttles) operate 6:30 a.m. to 12:30 a.m. daily, providing transportation to and from the Archer Road Commuter Lot, Renal Dialysis, Blue 1 Garage IX (Archer Rd.), Main Entrance, and the 1329 Building. In addition to regular stops, the Vans respond to all other stops on request when the other shuttle services are on or off line.

Visit us online at http://www.police.ufl.edu/community-services/student-nighttime-auxiliary-patrol-snap/
The safety and security of residents' property are shared responsibilities of residents, the University of Florida Health Science Center – Jacksonville and the security department. UF and the security department provide security information and services, but cannot guarantee personal and property safety. The security department increases resident safety by providing services including security staffing, safety-related facilities review, and safety information.

Residence hall and entrances to student living areas are locked 24 hours per day and are restricted to residents and their guests. Access to these facilities is controlled by either card access or key control. If maintenance personnel are required to assist in repairing housing facilities, the maintenance will be performed with the permission of the resident and he/she will be present when the repairs are to be conducted. The only exception will be granted in times of emergent need when repairs are essential to prevent potential or further destruction of property or when hazardous condition may result. Residents and guests are required to conform to visitation hours, all residence hall rules and regulations, as well as all city ordinances and state and federal laws. Reported crimes occurring on campus are handled the same as those occurring in the city of Jacksonville, Duval County, and your hometown. Additionally, if an alleged perpetrator is a student, the perpetrator also risks disciplinary action by the university through the university conduct process. Civil, criminal, and/or university action against alleged perpetrators can occur individually, concurrently, or sequentially.

Security upgrades to facilities are reviewed on a continuing basis and changes are adopted whenever necessary to improve safety measures. Keys to facilities are regularly inventoried. Locks can also be changed quickly if a tenant believes facility security has been potentially compromised.

**HOUSING SECURITY STAFFING**

While the University of Florida Health Science Center – Jacksonville dormitory does not have live-in staff, the Student Coordinator in the College of Medicine, routinely visits the facility to assess security and safety needs. Additionally, uniformed maintenance and custodial staff members have been trained to report all suspicious activities or persons they might see as they complete their routine duties in residential living areas. As previously mentioned, the security department is headquartered on the first floor of the dorm building. Security Guards monitor the facility routinely and are available to assist students 24 hours per day.

**ACCESS TO UNIVERSITY FACILITIES**

In the interest of students, staff, and faculty of the University of Florida Health Science Center – Jacksonville, campus facilities are continuously maintained and all necessary security provisions are provided. Many cultural events held in university facilities are open to the public. Other facilities, such as, libraries, and cafeterias, are likewise open to the public.

Access to academic and administrative facilities on campus is generally limited to students, employees, and visitors for the purpose of study, work, teaching, and conducting other university business. All buildings are locked and opened by designated personnel based upon predetermined scheduling as the facility is required to meet the needs of the campus. While most academic and support buildings are opened during the normal business day, this schedule may change from semester to semester and/or as directed by each building occupant.

**LANDSCAPING AND LIGHTING**

Landscaping and outdoor campus lighting are designed with safety and security in mind and utilized in an effort to provide pedestrians peace of mind. The campus has a comprehensive campus lighting program that is constantly monitored and updated as needed. The more heavily traveled walkways on campus are well-lighted and equipped with emergency telephones to promote and enhance personal safety, especially during nighttime hours. Pedestrians and bicyclists should travel well-lit pathways, and not take unit short cuts that could jeopardize their safety.

**SECURITY at Off-Campus Residences**

Off-campus apartment complexes, townhome/condominium communities, and other multi-family dwellings pose unique problems. Because of the temporary nature of many residents of rent/lease properties, you need to make an extra effort to be aware of your environment. This includes knowledge of what measures your landlord has taken on behalf of your safety.
Disclosure of Fire Safety Standards and Measures

Housing & Residence Education
In October 2009, the Department of Education published final regulations relating to the Campus Fire Safety Right-to-Know legislation. Beginning on October 1, 2010, an institution that maintains any on campus student housing facility must prepare an Annual Fire Safety Report.

The information in this report presents information for facilities managed by UF’s Division of Housing and Resident Education and all UF associated fraternities and sororities that have maintained a residential structure for the calendar year 2014.

**Definition of a Fire** – Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner and results in physical damage to property or injury/death.

The first is “Any instance of open flame or other burning in a place not intended to contain the burning.”

Some examples are listed below:

- Trash can fire
- Oven or microwave fire
- Burning oven mitt on a stove
- Grease fire on a stovetop
- Flame coming from electric extension cord
- Burning wall hanging or poster
- Fire in an overheated bathroom vent fan
- Couch that is burning without any flame evident

The second type of fire is “Any instance of open flame or other burning in an uncontrolled manner.”

Some examples are listed below:

- Chimney fire
- Gas stove fire
- Fuel burner or boiler fire

For inclusion in this report, the University of Florida will include all fires that meet defined guidance regardless of size, cause, or whether the fire results in injury, death or property damage.
# UF HSC-J Fire Statistics

The following table summarizes fire events for 2011-13. Causes of each fire, damages caused by each fire, general location of each fire, injuries and death resulting from each fire.

All building are owned or leased by the University of Florida Board of Trustees.

All Housing and Residence Education facilities are equipped with fire extinguishers in compliance with currently adopted NFPA 10 coverage requirements. All extinguishers are inspected monthly by University of Florida Fire Equipment Services and all required testing is completed and performed as required by NFPA 10.

## UF HSC-J Fire Log Information

In addition to providing the aforementioned fire statistics, the security department also maintains a daily UF HSC-J Log that records, by the date reported, any fire that occurs in the on-campus student housing facility.

Fires can be reported by anyone, regardless of the individual’s association with the University of Florida. Unlike Clery crime reporting, in which a crime is “reported” when it’s brought to the attention of a campus security authority or a local law enforcement agency, there are no such restrictions with fire reporting. Any student housing fire that is reported to any official at the University of Florida will be documented in the UF HSC-J Fire Log.

The Fire Log, which contains mandated information dating back to January 1, 2012, including the most recent 60-day period, is open to public inspection anytime by contacting the security department at 4-4211 (campus phones) OR (904) 244-4211 (non-campus phones). Information mandated in the Fire Log includes: agency that responded to the fire, the report number of the incident, the report date/time, type of fire, cause of fire, date/time of fire, location, number of injuries/deaths, and estimated cost of property damage. The Fire Log is updated with an entry or addition within two business days of receiving the information. For the purpose of the Fire Log, a business day is any day Monday through Friday, except for days when the institution is closed. Anyone can access the Fire Log, regardless of their association with the University of Florida.
**Division of Housing and Resident Education**

**Fire Safety Information**

**ALL ON-CAMPUS HOUSING AREAS:**
Staff conducts at least one fire drill per year. Staff may choose to conduct additional fire drills if more training or education is needed for staff or residents. Fire Drills are coordinated by the UF Health Jacksonville Safety Department in cooperation with the College of Medicine, Office of Educational Affairs. The UF Health Jacksonville Safety Department provides prior notice of drills to the security department. Prior notice may or may not be made to residents. The Jacksonville Safety Department conducts all aspects of the drill and is available to assist students during the drill. The UF Health Jacksonville Safety Department completes a written report after all fires, fire alarms, or fire drills.

Upon check-in to the dorm, all residents are provided information about the location of fire extinguishers within the dorm, the procedure to follow when smoke/fire is discovered and where to report outside of the dorm when a fire alarm sounds. Additionally, this information is posted throughout the dorm for student review. In the event that smoke/fire is discovered within the dorm, students are instructed to:

- **R** – rescue those in danger
- **A** – pull alarm & call 4-2222 (campus phones) or (904) 244-2222 (non-campus phones)
- **C** – contain the fire
- **E** – extinguish and/or evacuate

If a student uses a fire extinguisher, he/she is instructed to:

- **P** – pull the pin
- **A** – aim at the base of the fire
- **S** – squeeze the handle
- **S** – sweep from side to side

**RESIDENCY**

There is no residency requirement at the UF HSC-J. Students voluntarily become part of the campus residential community. By accepting dorm keys, they acknowledge and agree to follow the standards of the community. The Housing Community Standards are considered a part of the University of Florida Student Code of Conduct No 6C1-4.016 listed on web at www.admin.ufl.edu/ddd/attachments00-01/710rules/4016.pdf. All Housing Community Standards including Fire Safety community standards are available via the internet at www.housing.ufl.edu. The 2012-13 Community Standards for undergraduate/single student housing and graduate and family housing follow.

**COMMUNITY STANDARDS FIRE SAFETY**

**A. EVACUATION** – Immediate evacuation when an alarm sounds, and/or emergency flashing lights have been activated, and/or when instructed to do so by appropriate hall staff is mandatory. Re-entry into a building before receiving confirmation from appropriate hall staff, UFPD, the fire department, or other emergency personnel is prohibited. Re-entry is not permitted while the alarm is sounding. For safety reasons, using an elevator to evacuate a building is not permitted.

**B. COOKING** – Persons should not leave their food items unattended on the stove or in the oven at any time. Persons are responsible for the proper use of approved cooking appliances and attention to food items while using the appliances and will be responsible for any damages that may occur.

**C. COOKING APPLIANCES** – Persons are allowed to use the following items in their room or kitchen areas: electric fondue pots, air stream ovens, electric crock pots, coffee pots, hotdog cookers, frying pans, drip coffee makers, toasters (not toaster ovens), bread makers and popcorn poppers. These items are permitted so long as they are single units with sealed heating elements. Convenience items such as blenders, mixers, can openers and juicers are also permitted.

The following items are permitted, but may be used only in kitchen areas: toaster ovens, electric hamburger cookers, waffle irons, ceramic sealed hot plates, hot plates with exposed coils, deep fryers, and counter-top electric grills without flames (e.g. “George Foreman™” grills).

**D. MICROWAVE OVENS** – Microwaves will be permitted in resident rooms provided the following guidelines are met: a) a maximum of two microwave ovens are permitted in a student room if each individual unit is 0.75 cubic feet or less; b) microwave ovens must be UL approved; c) each unit and/or units combined must not exceed 1500 watts (only one microwave oven is permitted if the unit(s) exceeds 0.75 cubic feet and/or 1500 watts).

**E. CANDLES AND INCENSE** – Possession or use of all candles and incense for any purpose is prohibited in the residence halls.

**F. EXTENSION CORDS/MULTI-PLUG ADAPTORS** – For the protection of the residential community, residents are permitted to use extension cords with the following restrictions:

- Only UL (Underwriters Laboratories) certified three-prong grounded extension cords that are 14 gauge or heavier are permitted to be possessed and/or used inside the residence halls.
- The extension cord must be equipped to plug in one item only. An extension cord that meets all other requirements and is designed for more than one item to be plugged into it is not allowed because this type of extension cord is considered a multi-plug device without a circuit breaker.

**NOTE:** The lower the gauge number, the heavier/thicker the cord is. Cords cannot exceed 10 feet in length. Only one appliance/item may be plugged into an extension cord; only one extension cord may be used per double outlet.

- Only UL (Underwriters Laboratories) certified multi-plug adapters with circuit breakers are permitted to be possessed and/or used inside the residence halls. Mini-generators with circuit breakers that back-up devices or conserve power are prohibited.

- Up to three appliances/items may be plugged into one multi-plug adapter per double outlet. The maximum wattage for a double outlet is 1500 watts.

- Extension cords and multi-plug adapters may not be connected. Items may not be plugged into outlets/plugs contained in other items.

- Air-freshener plug-ins (e.g. Glade™ plug-ins) with a built-in “outlet” may be used only if the outlet in the air-freshener is not used. NOTE: Regulations concerning extension cords and multi-plug adapters are written in compliance with State Fire Codes and the engineering specifications of our various buildings.

**G. AIR CONDITIONERS/HEATERS** – Residents may not install air conditioners or ceiling fans in their rooms. Residents may not plug AC units into any other outlet not designed specifically for the unit. Open coil space heaters are not permitted. Other appliances/items may not be plugged into outlets designed specifically for AC use. NOTE: Thomas and Buckman residents please speak with hall staff concerning AC use in your area and follow applicable guidelines for Thomas and Buckman Halls.

**H. RESIDENCE HALL DECORATIONS**

1. “Live cut” trees (such as Christmas Trees) are prohibited in the residence halls.
2. Strands of lights (Holiday Lights) may be used in residence hallrooms but may not be plugged into each other to create a string of lights.
Division of Housing and Resident Education
Fire Safety Information continued

3. External doors, doorframes and hallways may not be decorated. Only one door nametag and message board is permitted per resident.
4. No flags, banners or other cloth/flammable decorations are to be hung on and/or from the ceiling. All decorations should be adhered to the decorative strip provided for posting or if none is provided, decorations should not be higher on the wall than the door frame.

I. REFRIGERATORS - Are permitted in resident rooms provided the following guidelines are met:
- All refrigerators must be UL approved.
- Door gaskets must be in good condition.
- All refrigerators must be equipped with a (3) three prong grounded plug which must be plugged into the wall outlet.

NOTE: In cases in which the wall outlet is inaccessible, the refrigerator may be plugged into an extension cord that is ten feet in length or less, 14 gauge or thicker/heavier, and has room for only one item.
- Unit amperage must not exceed 3.5 amps.
- Unit size must not exceed 12 cubic feet.
- Students must maintain refrigerators in a safe and sanitary condition.

J. BARBECUE GRILLS - Persons are permitted to use barbecue grills at a safe distance (50 feet or more) from all buildings. The use of grills is not permitted under any covered walkways, landings, or balconies. Residents are responsible for attentive supervision in proper use of all grills while cooking. Propane tanks should not be stored in or within 50 feet of buildings.

K. LAMPS - All “floor style” halogen lamps are prohibited in residence halls. Halogen lamps specifically designed and marketed as desk lamps that have a bulb that is fully unexposed behind a solid glass casing that is unable to be tampered with and is at 50 watts or less are acceptable. Only UL (Underwriter’s Laboratories) approved lamps can be used in the residence halls.

L. PERSONAL CARE ELECTRICAL DEVICES - Hair/blade dryers, curling irons, straightening irons, and other personal care electric devices must be plugged directly into the outlets.

M. SPRINKLERS - Residents are not permitted to hang items from, cover, or otherwise tamper with fire sprinkler devices.

SMOKING - The University of Florida has a “No Tobacco Policy.” Smoking and tobacco use are prohibited in all facilities and areas of the University of Florida campus with no exception. This includes but is not limited to indoor and outdoor areas and properties. This policy applies to all faculty, staff, students, consultants, contractors, and visitors.

Fire Evacuation Procedures
1. When a fire alarm sounds, all residents are to leave the building immediately. Elevators are not to be used during the evacuation. Residents are to report to the student parking lot near the dorm.
2. Residents may re-enter the building only once they have been instructed to do so by the UF Health Jacksonville Safety Department, Director of Engineering or the Fire Chief.
3. During a fire/alarm/evacuation, The UF Health Jacksonville Safety Department will conduct the initial communication between Jacksonville Security, the Fire Department, students, and the Dean(s) of students.
4. At the close of Fire/Alarm/Drill, the UF Health Jacksonville Safety Department will complete a Fire/Alarm/Drill Report. This form must be completed and turned into the Director of the security department (within 24 hours of the Drill or Alarm) for inclusion within the fire log.

STAFF TRAINING/EDUCATION WRITTEN MATERIALS
Staff in the College of Medicine’s Office of Educational Affairs are familiar with the policies and procedures for fire safety on the UF HSC-J Campus. These policies and procedures include, but are not limited to, evacuation plans, fire extinguisher instructions, and devices that are allowed/not allowed in the dorm. Appropriate staff have read, reviewed and acknowledged their receipt of these policies and procedures.

FIRE PREVENTION
The best fire protection is prevention and is the result of the combined efforts of student, staff and professional inspecting personnel.

Students, staff, and faculty should be made aware of the most common causes of fires which are frequently overlooked or ignored, and which in many cases have resulted in the loss of life and property. The following are common causes of fires that have occurred or could occur in residence facilities:
- Intentional ignition of accumulated trash.
- Attempt to “smoke” a friend out of his room.
- Use of inflammable liquids as cleaning agents.
- Storage of inflammable liquids within a living area.
- Overloading electrical circuits.
- Extension cords which are suspended on nails or placed in a manner that causes wear of the protective covering increases the possibility of short circuits.
- Leaving appliances plugged in and unattended.
- Poor housekeeping (accumulation of trash, newspapers, magazines, etc.).
- Operation of ventilating fan near drapes or curtains which may be drawn into the blades, stopping the machine, thus causing the motor to heat up and ignite the material.
- Drying clothing on heating devices.

Residents are also asked to remember these considerations:
- Do not tamper with fire alarms, fire extinguishers or other.
- Do not cover or disconnect the apartment smoke detectors.
- Do not hang items on sprinkler heads.
- Leaving food on the stove unattended is one of the main causes of fires.
- Keep breezeways and stairwells clear. Do not lock or store bicycles in stairwells.
- Smoke detectors should not be unhooked or covered as this is a fire code violation. Please make sure your smoke detectors are in working order. If not, contact Jacksonville Security.

Plans for future improvements in fire safety, if determined necessary by the institution.

UF HSC-J FACILITY UPGRADE
Ongoing upgrades to fire alarm systems including the installation/upgrade of fire sprinklers, heat detectors, smoke detectors, etc. are routinely budgeted for as part of the department Master Plan for facilities.
