CHAPMAN CHAPTER OF THE GOLD HUMANISM HONOR SOCIETY

The mission of the Gold Humanism Honor Society (GHHS) is to recognize individuals who are exemplars of humanistic patient care and who can serve as role models, mentors, and leaders in medicine. The power of the Society lies in bringing together like-minded individuals to sustain their own humanism and to inspire and nurture humanism in others. GHHS honors medical students, residents, fellows, role-model physician teachers and others who demonstrate excellence in humanistic clinical care, leadership, compassion and dedication to service. Membership in GHHS goes beyond selection and induction into an honor society; its members have a responsibility to model, support, and advocate for compassionate, patient-centered care throughout their careers.

SPECIAL RECOGNITION AWARD

A graduate from the University of Mississippi School of Medicine entered the world of medicine full of excitement and with a promise to do no harm. After one year of family medicine residency training at Camp Pendleton, he entered practice in 1974. He joined the University of Florida department of community health and family medicine in 1987 and became chair of the department in 1995, serving in this capacity until 2010. He was awarded the rank of professor in 2001. Since 2010, he has continued to serve the University of Florida College of Medicine-Jacksonville as the Senior Associate Dean for Clinical Affairs. We honor Dr. George R. Wilson III for his many accomplishments, dedication, and leadership to the University.
