Resident Research Publications and Presentations 2007-2014

2014

Publications
Bautista RE. Shapovalov D. Saada F. Pizzi MA. The societal integration of individuals with epilepsy: Perspectives for the 21st century. Epilepsy Behav. 2014;35C:42-49

2014

Presentations
Shapovalov D. Mannel R. Antonios N. Improving assessment and documentation of pain level on an inpatient neurology service. Poster presented at: University of Florida College of Medicine – Jacksonville Research Day; Jacksonville, FL May 2014

Shapovalov D. Mannel R. Antonios N. Improving assessment and documentation of pain level on an inpatient neurology service. Poster presented at: University of Florida College of Medicine – Jacksonville Research Day; Jacksonville, FL May 2014

Katsafanas C. Acute disseminated encephalomyelitis without clinical manifestations of encephalitis. Poster presented at: University of Florida College of Medicine – Jacksonville Research Day; Jacksonville, FL May 2014

Ossi R. Mannel R. Silliman S. Recombinant tPA use for acute ischemic stroke causing angioedema: Two case reports and comprehensive literature review. Poster presented at: University of Florida College of Medicine – Jacksonville Research Day; Jacksonville, FL May 2014

Ossi R. Mannel R. Silliman S. Recombinant tPA use for acute ischemic stroke causing angioedema: Two case reports and comprehensive literature review. Poster presented at: University of Florida College of Medicine – Jacksonville Research Day; Jacksonville, FL May 2014

Pizzi M. Krishnaiengar S. First time seizure in adult female as presentation of Ornithine Transcarbamoylase deficiency: A case report and literature review. Poster presented at: University of Florida College of Medicine – Jacksonville Research Day; Jacksonville, FL May 2014

Pizzi M. Krishnaingar S. First Time Seizure in Adult Female as Presentation of Ornithine Transcarbamoylase Deficiency: A Case Report and Literature Review. Poster presented at: American Academy of Neurology (AAN); Philadelphia, PA April 2014

Pizzi M. Silliman S. Spontaneous spinal epidural hematoma is most frequently idiopathic in cause. Poster presented at: American Academy of Neurology (AAN); Philadelphia, PA April 2014

2013

Publications

Bautista R. Rundle-Gonzalez V. Awad RG. Erwin PA. Determining the coping strategies of individuals with epilepsy. Epilepsy Behav. 2013;27(2):286-91

2013

Presentations

Mannel RK. Saada F. Pontine stroke with basilar artery stenosis mimicking osmotic demyelination syndrome: A case report. Poster presented at: Duval County Medical Society; Jacksonville, FL. December 2013

Mannel RK. Saada F. Pontine stroke with basilar artery stenosis mimicking osmotic demyelination syndrome: A case report. Poster presented at: Duval County Medical Society; Jacksonville, FL. December 2013

Mannel RK. Ossi R. Angiodema: A rare but potentially life threatening side effect of tPA administration. Poster presented at: Duval County Medical Society; Jacksonville, FL. December 2013

Mannel RK. Ossi R. Angiodema: A rare but potentially life threatening side effect of tPA administration. Poster presented at: Duval County Medical Society; Jacksonville, FL. December 2013
**Pizzi M.** Silliman S. Spontaneous spinal epidural hematoma is most frequently idiopathic in cause. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2013

**Crooks R.** Livingston B. Silliman S. Lateral medullary syndrome mimicking pure sensory stroke. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2013

**Saada F.** Ast A. Liu Z. Laughing seizures: Adult case of hypothalamic hamartoma gelastic epilepsy. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2013

**Saada F.** Antonios N. The existence of ipsilateral hemiparesis in ischemic and hemorrhagic stroke: Two case reports and review of literature. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2013

**Shapovalov D.** Silliman S. Bariatric surgery for obesity; Now a leading cause of neurological illness related to Thiamine deficiency in published case reports Stroke related to non-compaction syndrome. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2013

**Zia A.** Silliman S. Brain atrophy associated with Susac syndrome. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2013

**Pizzi M.** Silliman S. Spontaneous spinal epidural hematoma is most frequently idiopathic in cause. Poster presented at: University of Florida College of Medicine – Jacksonville Research Day; Jacksonville, FL. May 2013

**Randazzo D.** Silliman S. Cordek C. et al. Finding publishable data in resident performance improvement projects: A case study. Poster presented at: Medical Education Week University of Florida College of Medicine-Jacksonville; Jacksonville, FL. April 2013

**Elyaderani F.** Schnepel L. Johnson E. Silliman S. The resident chief officer for quality improvement; A new leadership position within the department of neurology. Poster presented at: Medical Education Week University of Florida College of Medicine-Jacksonville; Jacksonville, FL. April 2013
Rundle V. Movement disorder as the clinical presentation of porphyria: A case report. Poster presented at: American Academy of Neurology (AAN); San Diego, CA. March 2013

Elyaderani F. Silliman S. Post partum subdural hemorrhage after epidural anesthesia. Poster presented at: American Academy of Neurology (AAN); San Diego, CA. March 2013

2012

Publications

Etienne G. Shamseddine K. Pulley M. Milfred F. Two new gene mutations for late onset mitochondrial neurogastrointestinal encephalopathy (MNGIE). Translational Neuroscience 2012 (accepted)

Bautista RD. Rundle V. Effects of antiepileptic drug characteristics on medication adherence. Epilepsy Behav. 2012;23:437-441

Presentations

Sunik A. Milfred F. Stroke related to non-compaction syndrome. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2012

Elyaderani F. Silliman S. Post partum subdural hemorrhage after epidural anesthesia. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2012

Randazzo D. Sanders K. Multiple sclerosis versus CNS manifestations of Hepatitis C virus: A case report and a review of literature. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2012
Rodriguez L. Bryan J. Chinea A. Analysis of cardiovascular events during first dose observation and during first 6 months of treatment with Fingolimod in Hispanic multiple sclerosis population. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2012

Shamseddine K. Etienne G. Milfred F. Two new gene mutations for mitochondrial neurogastrointestinal encephalopathy (MNGIE). Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2012

Rodriguez L. Bryan J. Chinea A. Analysis of cardiovascular events during first dose observation and during first 6 months of treatment with Fingolimod in Hispanic multiple sclerosis population. Poster presented at: Annual meeting of Consortium of Multiple Sclerosis; San Diego, CA. May 2012

Jani R. Neurology resident perception of the utility of scenario based simulations for teaching management of neuromuscular emergencies. Poster presented at: Annual meeting of American Academy of Neurology; New Orleans, LA. April 2012

Jani R. Neurology resident perception of the utility of scenario based simulations for teaching management of neuromuscular emergencies. Poster presented at: Advances in Medical Education; Jacksonville, FL. April 2012

2011

Publications

Bautista R, Gonzales W, Jain D. Factors associated with poor seizure control and increased side effects after switching to generic antiepileptic drugs. Epilepsy Research. 2011;95:158-167

Presentations

Randazzo D. Sanders K. Cerebral amyloid in a middle aged woman – a case report and a review of literature. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2011.

Rundle V. Bautista R. Value of scalp and depth electrodes in localizing seizure focus. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2011.

2010

Publications

Presentations

Jain D. AED. Oral presentation at: Florida Society of Neurology (FSN); Orlando, FL. October 2010.

Sambandam R. Myotonic dystrophy and sleep-disordered breathing: emergence of severe central sleep apnea after initiation of non-invasive positive airway pressure. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. October 2010.

Brar D. Potential utility of scenario based simulations for teaching neurology residents interpersonal/communication skills and system based practice. Poster presented at: American Academy of Neurology (AAN); Toronto, Ontario, Canada. April 2010.

Sambandam, R. Case report: human immunodeficiency virus type 2 (HIV 2) and ataxia. Poster presented at: American Academy of Neurology (AAN); Toronto, Ontario, Canada. April 2010.

2009

Publications

Presentations

Gilreath P. Use of T2 weighted MRI sequences of the neuroaxis to confirm the diagnosis of spontaneous intracranial hypotension. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2009.
**Sombutmai C.** Case report: diagnosis of occult malignant melanoma in a patient presenting with neurological symptoms from a large, solitary brain metastasis. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2009.

**Jain D.** Ipsilateral ptosis and astasia with thalamic infarct: a case report. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2009.

**Sambandam R.** Case report: human immunodeficiency virus type 2 (HIV 2) and ataxia. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2009.

### 2008

**Publications**

**Presentations**

**Milfred, F.** Epileptic mutism. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2008.

**Patel K.** Multiple myeloma and hemiparesis. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2008.

2007

Presentations

Talpur N. Late onset McArdle’s disease. Oral presentation at: Florida Society of Neurology (FSN); Orlando, FL. September 2007.

Milfred F. Orolingual angioedema associated with IV tPA therapy. Poster presented at: Florida Society of Neurology (FSN); Orlando, FL. September 2007.
