NEW INNOVATIONS

What is New Innovations?

New Innovations Residency Management Suite (NI) is a web-based tool that assists the University of Florida College of Medicine – Jacksonville (UFCOMJ) in making a multitude of functions more efficient. Some of the tasks that NI assists with are personnel data tracking, CMS reimbursement functions, block schedules, evaluations, procedure logging, and duty hours tracking.

Each program has the option of which modules of New Innovations they will be using. Please check with your Program Director or Program Assistant to verify what tasks you will need to complete in the software.

How do I login to New Innovations?

The login page for NI is http://www.new-innov.com/Login/Login.aspx. It will open to the page below:

The following are required to login: Institution Login (UFJAX), Username and Password. Your Program Assistant will provide you with your individual username and password.
