SNAPSHOT VIEW

From the Snapshot Menu item located on the Vertical Toolbar, the user is able to view a summary of items concerning the patient.

1. Select Chart on the Vertical Toolbar, Snapshot on the Horizontal Toolbar

   - Active Medications - View a list of current medications for this patient.
   - Active Problems - View a list of active problems experienced by the patient.
   - Allergens - View a list of known allergens for this patient. Click the Details button for additional info.
   - HMP Alerts - View a list of Health Maintenance Plan items for the patient.
   - Tasks - View the active tasks for the patient.
   - Encounters - View a list of encounters associated with this patient.

Printing

The user can print out a list of any one of these items; by choosing the item from the drop down list and then clicking the print button. The remaining steps are the same as when printing other items in the system, involving the use of Print Preview.

Snapshot Action Items

Sorting

HMP Alerts can be sorted by the various columns:
- Status (Red indicates overdue / Yellow indicates nearly due)
- HMP Alert
- Due Date

Allergens can also be sorted by the various columns:
- Reaction Indicator
- Allergens
- Category
