**Evaluated Competencies**

#1 Professionalism
**Educational Objectives:** 1. Interact with patients and their families with respect and cognizance of cultural background. 2. Approach each patient encounter with a commitment to learn.

**Method of Evaluation:** Direct observation and dialogue, one on one and in small groups.

#2 Patient Care

**Educational Objectives:** 1. Gather accurate historical information, including obtaining previous outside records if needed. 2. Perform complete physical examinations with particular emphasis on renal biology. 3. Develop and communicate clear consultative recommendations in conjunction with the attending physician.

**Method of Evaluation:** Direct observation and dialogue, one on one and in small groups.

#3 Medical Knowledge

**Educational Objectives:** 1. Read a general textbook or review article which focuses on the condition or illness of patients you see in clinic or on consultative rounds. 2. Attend the thrice weekly lecture series. 3. Use information technology effectively.

**Method of Evaluation:** Direct observation and dialogue, one on one and in small groups.

#4 Practice-Based Learning

**Educational Objectives:** 1. Assimilate data from scientific studies to apply to individual patient care decisions. 2. Use information technology effectively.

**Method of Evaluation:** Direct observation and dialogue, one on one and in small groups.

#5 Interpersonal and Communication Skills

**Educational Objectives:** 1. Communicate clearly and concisely with the health care team. 2. Provide information to patients and families to allow them to understand the medical illness and make health care decisions.

**Method of Evaluation:** Direct observation and dialogue, one on one and in small groups.

#6 Systems-Based Practice

**Educational Objectives:** 1. Understand the multiple systems needed to allow successful transition from inpatient to outpatient. 2. Work with the Nephrology patient care manager to develop necessary support for patient care.

**Method of Evaluation:** Direct observation and dialogue, one on one and in small groups.
