

## Publications

**Faculty** are listed in bold and [Residents/Fellows](#) are listed in blue

### 2010

[Loper T](#), **Matteo J**, **Siragusa D**. F.R.E.A.K. (fluoroscopic renal embolization and (k)ryoablation) nephron sparing therapy using combination bland embolization and cryoablation in the treatment of more centrally located large renal mass. *Journal of Cardiovascular and Interventional Radiology (JCIR)*. Accepted 2010.

**Matteo J**, [Loper T](#), **Siragusa D**. Time is brain! Efficacy of intra-arterial TPA administration for acute stroke in therapeutically anti-coagulated patients. *Cardiovascular and Interventional Radiology (CVIR)*. Accepted 2010.

### 2009

Johnson P, Lee C, **Johnson K**, **Siragusa D**, Bolch W. Influence of patient size on dose conversion coefficients: a hybrid phantom study for adult cardiac catheterization. *Phys Med Biol*. 2009;54:3613-3629.

[Deacon-Casey M](#), **Matteo J**, **Siragusa D**, Ramey S. Intravascular catheter knot untying – a new technique. *Cardiovascular and Interventional Radiology (CVIR)*. 2009;31(3):389.

### 2007

Pavlovic C, Futamatsu H, Angiolillo D et al (including **Siragusa D**). Quantitative contrast enhanced magnetic resonance imaging for the evaluation of peripheral arterial disease: a comparative study versus standard digital angiography. *Int J Cardiovasc Imaging*. 2007;23(2):225-32.

### 2006

**Siragusa D**. Vascular and interventional radiology training: a perspective from the Association of Program Directors in Interventional Radiology. *J Vasc Interv Radiol*. 2006;17(11,Pt 2):S155-8.
