

UNIVERSITY OF FLORIDA COLLEGE OF MEDICINE JACKSONVILLE
Resident Manual

DISTANCE LEARNING

The University of Florida College of Medicine Jacksonville has several videoconference sites for classes, meetings and other presentations. These include the Alumni Auditorium, classroom 4003, the Deal Boardroom and the Borland Library conference room. Videoconferencing at the UFHSCJ is routed through a video bridge at the UF Health Science Center in Gainesville. To schedule videoconferences, call 352-273-5064 or 722-5064.

A room facilitator will be on site to ensure proper dial-up, line connection, and A/V operation during conferences. The facilitators are assigned when the room is scheduled. For added technical information or assistance contact John Hughes (352) 273-5019 or email him at jphughes@ufl.edu.

Note: Videoconference facilitators provide A/V support for scheduled videoconferences only. A/V support for other functions held in the Alumni Auditorium or the Deal Boardroom can be obtained through the Media Center (4-3265).
